Heavy Toll Inflicted On Red Forces

U.S. Casualties Reported Moderate In 2 Viet Actions

SAIGON, South Viet Nam (AP) — U.S. and Vietnamese forces today reported they inflicted heavy casualties on the Viet Cong in two separate actions, one a Communist ambush that backfired.

American casualties were described as moderate in fighting about 40 miles north of Saigon, where 146 Viet Cong were reported killed.

The other heavy toll was said to have been inflicted on the Viet Cong about 40 miles southeast of the capital, where 161 guerrillas were killed and as many as 300 others estimated killed.

Communist units initiated two attacks during the night, both on 1st Air Cavalry Division positions in the central highlands.

In the air war, U.S. Air Force B52 bombers attacked two suspected Viet Cong targets about 40 miles northwest of Saigon.

The demilitarized zone dividing North Viet Nam and South Viet Nam again was bombed, apparently by U.S. planes.

The Americans involved in the fierce fighting north of Saigon were members of the 3rd Brigade of the 1st Infantry Division. A U.S. spokesman said the infantrymen of the "Big Red One" battled the Viet Cong seven hours Friday.

The Viet Cong broke contact Friday afternoon, the spokesmen said, but air and artillery continued to pound their positions and suspected routes of escape.

The casualties among the 1st Infantry troops earlier had been described as light, but an official change late today listed them as moderate.

The ambush that backfired occurred Thursday on Route 15 leading from the coast city of Vung Tau to Saigon. Vietnamese forces received word from a Viet Cong defector that an ambush had been set up.

The report was confirmed by air observation and the Vietnamese 52nd Ranger Battalion —the unit that fought out the bloody battle of Dong Xoai last June—was sent in to knock out the ambush site.

Attacking with two companies, it took on what was estimated to be five hard-core Viet Cong companies.

With strong air support hitting almost at the edge of the attacking troops, the rangers sent the Viet Cong reeling through the rice paddies and swamps.

Another Youth Hurt

Salem Area Boy Dies Of Injuries When Hit By Car

A 3-year-old Salem area boy died this morning at a Youngstown hospital from injuries suffered when struck by a car near his home late Friday afternoon.

An 18 - year - old Homeworth youth was treated at Alliance City Hospital and released after he was found trapped for almost an hour in his wrecked auto near Homeworth early today.

Rickey L. Warner, son of Mr. and Mrs. Junior Warner of Salem R.D. 5, died at 7:15 a.m. at St. Elizabeth's Hospital, where he was taken last night with fractures of the legs and arms, head and internal injuries and multiple lacerations and abrasions.

The Ohio Highway Patrol at Lisbon said he was struck on Egypt Rd., about two miles north of Route 14, at 4:45 p.m. by a car operated by Ollie Mills, 20, of Salem R.D. 5.

Officers said the boy was standing partially on the highway when a car driven by James Endicott of Salem R.D. approached. Endicott saw the child and veered around him. The boy, apparently frightened, then ran onto the road into the path of the 1956 sedan of Mills, who was following Endicott's auto.

Endicott took the boy to Salem City Hospital.

Officers still are investigating the mishap.

Hope Held Loss Of Life May Be Less

Scene Of Disaster Reported 110 Miles East Of Florida

NASSAU, Bahamas (AP)—A fierce, quick-spreading fire destroyed the cruise ship Yarmouth Castle today and conflicting reports from the scene of the disaster said that 88 persons were missing.

The 365-foot vessel went down at 6:03 a.m. (EST), 110 miles east of Miami in the Bahamas, about four hours after she was enveloped by flames.

The ship was bound from Miami to Nassau.

Three hours after the sinking, the Coast Guard at Miami said it could account for only 462 of the 550 passengers and crewmen aboard the 38-year-old vessel.

The cruise ship Bahama Star, which was trailing the Yarmouth Castle and had her in sight when the fire broke out, picked 250 passengers and 110 crewmen out of the water. The Finnish motorship Finnpulp rescued 90 more, and 12 badly burned survivors were flown to Nassau in Coast Guard helicopters.

The 88 others, the Coast Guard said, "are not accounted for."

The Bahama Star notified the Coast Guard at 7:45 a.m. (EST) that she had 360 persons aboard, had searched the area "and found no more."

Charles Badeau of the Bahamas Sea Rescue Auxiliary held out some hope that loss of life might not be as heavy as feared.

"It is very possible that there are more survivors aboard the boats," Badeau said.

The Finnpulp radioed the Coast Guard at 2:20 a.m. (EST) that the Yarmouth Castle, which plies between Miami and

Ike Has His 'Best Night' Since Attack

Heart Specialists Express Optimism For His Recovery

FT. GORDON, Ga. (AP) — Former President Dwight D. Eisenhower, recuperating from his second heart attack, had his best night since he was stricken, his doctors reported today.

A medical bulletin issued at this Army hospital at 11 a.m., EST, said:

"Doctors say last night was the best night Gen. Eisenhower has spent since his arrival Tuesday morning.

"His temperature is normal. His circulatory state has been stable. The general is in excellent spirits. This morning he had a good breakfast and then was examined by consulting and staff physicians. At this hour the general is napping."

The morning report followed a decidedly optimistic statement Friday night by two of the six heart specialists in attending the former president.

They expressed the belief Eisenhower will recover and said he may even be able to resume golfing in the future.

From the evidence of his physicians, Drs. Thomas Mattingly and Harry Harper, the five-star general seemed to be on his way toward another victory.

Eisenhower, 75, appeared to be taking in stride the diagnosis revealed Friday, that the chest pains that sent him to the hospital from the Augusta Golf Club Tuesday signaled his second heart attack since 1955.

An Army spokesman said in a statement at 10:40 p.m. Friday night that Eisenhower "spent a very comfortable evening. He went to sleep early, having spent the earlier part of the evening reading."

Eisenhower is expected to have a visit today from Dr. Paul Dudley White, the heart specialist who gained national fame when he assisted in the treatment of Eisenhower 10 years ago.

White said he would stop off to pay a courtesy call on Eisenhower, on his way from Pensacola, Fla., to his home in Boston.

150 Illinois Homes Leveled

Tornado Claims One, Injures 45

JOLIET, Ill. (AP) — God is good to me," said Olga Horath, a 49-year-old widow.

Her home in Preston Heights, south of Joliet, had just been demolished by a vicious tornado Friday. But Mrs. Horath was thankful.

"I am alive, I have my mother, my grandchildren, my daughter-in-law alive. The material things are unimportant," she said.

All were visiting her when the tornado hit but none was seriously hurt.

The twister swirled through northeastern Illinois and destroyed at least 150 homes and house trailers at Preston Heights; Sugar Creek, another Joliet subdivision; and Channahon, 12 miles southwest of Joliet.

There was one fatality, Mrs. Herman Heisler, about 70, who was visiting her daughter's home in Channahon was killed by falling debris when the tornado blew away the house.

Her husband, Herman Heisler, was hospitalized in Joliet in critical condition.

At least 45 persons were treated for injuries at hospitals in Joliet. Five were admitted.

Some people were luckier but wondered why.

Judy Thrash of Preston Heights said an inside door was ripped from its hinges but there was no other damage to her home. "How could that be?" she asked.

More than 200 persons were left homeless. Most of them slept overnight in emergency civil defense centers set up in a Preston Heights fire station, a Veterans of Foreign Wars post and a junior high school gym in Joliet.

Although all the damage was outside the Joliet City limits, all the city's policemen and firemen were pressed into emergency service.

Rescue crews worked through the night with floodlights, searching for possible victims trapped in debris. Policemen and 40 soldiers from a nearby Army installation patrolled Preston Heights and Sugar Creek against possible looting.

Lt. Gov. Samuel Shapiro, acting for Gov. Otto Kerner who is in the Far East, was to inspect the damage areas today.

Property damage in Preston Heights alone was estimated at $1 million.

Premier Remains In Control

Dissension Toward Smith Being Shown In Rhodesia

SALISBURY, Rhodesia (AP) —Slim signs of dissension among whites appeared in Rhodesia today toward Prime Minister Ian Smith's unilateral declaration of independence from Britain.

The dissension, although apparently not widespread, was reported cropping up among civil servants with close ties to Britain and in some segments of the Rhodesian armed forces.

Smith, however, was firmly in control and confident. He left Salisbury for the country, to spend his first weekend as the leader of an independent Rhodesia.

(Demonstrations against Smith's unilateral declaration of independence broke out in Dar Es Salaam, Tanzania, and in Leopoldville, the Congo. The Tanzanian demonstrators, demanding that the British "hang Smith," broke into the British information offices, smashing furniture and windows.)

Senior civil servants in Salisbury, many of them British, were reported bitter at Smith's declaration.

Informants said David Hall, chief of protocol and a former British officer, had resigned and others are considering following him.

The British governor, Sir Humphrey Gibbs, wrestled with the problem of being the only governing official recognized by Britain, although he was fired Friday and ordered out of government house by Smith.

Gibbs' ouster was the latest move in the struggle between Britain and Rhodesia over independence.

3 Miami U. Students Killed In Car Mishaps

OXFORD, Ohio (AP)—Three Miami University students finished classes for the week here Friday and had dates with death Friday night in two separate traffic accidents.

Bruce Wayne Card, 21, of Utica, N. Y., a senior, and Linda Kramer, 19, of Shaker Heights died when the car they were riding in collided headon just east of here with a car driven by another Miami student. The driver of the second car, John Bryniak, 22, of Cleveland, was reported in fair condition later at a Hamilton hospital.

Near Middletown at a rural intersection, Sam Anthony Lato, a 19-year-old sophomore from Middletown, was killed when his car hit a utility pole. Two passengers were injured.

Son Of Byrd Named To Fill Senate Post

Father Held Seat For 32 Years Prior To His Retirement

RICHMOND, Va. (AP) — Harry Flood Byrd Jr., 50, newspaper publisher and state senator, has been named to the U.S. Senate seat occupied for 32 years by the man his own career and political ideas most closely parallel, his father.

The younger Byrd was appointed Friday by Gov. Albertis S. Harrison Jr., little more than 24 hours after the surprise announcement by the governor of the retirement of Harry F. Byrd Sr., 78.

But whether the son might take over his father's role as leader of the state's dominant Democratic organization was something on which even the governor wouldn't speculate.

Harrison said he hoped the elder Byrd, who resigned after 50 years in public office because of an arthritic condition, would regain his health and added: "I'm not going to deal him out as a leader."

The appointment of the younger Byrd was hailed by most party leaders across the state, but there were discordant notes.

"It seems certain there will be opposition in any convention or primary held for the seat next year," said Charles B. Arrington Jr. of Norfolk, president of the Young Democratic Clubs of Virginia.

The younger Byrd, who missed only serving as governor of Virginia in a career that otherwise is virtually a carbon copy of his father's, accepted the appointment "with dedicated allegiance to Virginia" and a pledge "to do all in my power to advance the best interests of our great nation."

Gov. Harrison, while admitting he had had only brief advance notice of the elder Byrd's decision to retire, said he had considered it a possibility and for some time had given much thought to a successor.

The senator's son, Harrison said, was best trained and equipped to "follow in the footsteps of his illustrious father."

Meters In Operation At New Parking Lot

The meters went into operation this morning on the city's new off - street parking lot on W. 5th St., near Jackson St., Safety - Service Director Robert E. Vodrey said.

The lot opened Thursday morning, but parking was free at the time since all the meters had not been installed.

A total of 22 meters of the 12-hour variety are now in place.

District Man Given Life In Slaying Case

YOUNGSTOWN, Ohio (AP) — A 28-year-old rural Alliance man has been sentenced to life in prison for the fatal shooting of a friend of his ex-wife last March 31. Erwin P. Smith was sentenced Friday by Mahoning County Common Pleas Court Judge Sidney Rigelhaupt.

Smith also received two sentences of one to 20 years for shooting with intent to kill in the wounding of his ex - wife, Sandra Briggs, 24, and a friend of his ex-wife, Linda Cavella, of Canton.

Smith was convicted of killing Robert Lee Wilson, 28, a mechanic who lived in a trailer court near Salem.

Council Acts Friday Night

Midland Slashes Tax Upon Wages

A reduction in the borough's wage tax and an insurance and retirement program for the volunteer fire department were approved Friday night by Midland Council at its meeting in the Borough Building.

Under suspension of rules, Council approved on the three required readings an ordinance cutting the wage tax from the present 1 per cent to .8 mills. The change becomes effective Jan. 1

Councilman Joseph D'Alesio, who is also president of United Steelworkers Local 1212, recommended the action "in the interest of the workers."

Raymond Presutti seconded D'Alesio's motion and approval followed quickly. Presutti declared that "the passing of the ordinance carries through the Council's service to the people at a lower cost without lessening the number of services."

The firemen's insurance and retirement pension plan will be handled through the Basinger and Gifford Insurance Agency of Midland, with the borough bearing the cost.

Mayor Eli G. Corak termed the Midland department one of the most effective in the area and said "the borough is obligated to provide the firemen with a form of protection."

Corak also pointed out that the wage tax cut was made possible because of a "conscientious and close watch on the budget spending."

"A real estate tax cut will follow after the first of the year as the administration continues to serve Midland as effectively as possible," he added.

Council also passed on third reading an ordinance which calls for vacating 2nd St. between Midland Ave. and Wood Ln.

In other action, the legislators agreed to schedule a meeting with USW Local 5059 of the borough service workers to negotiate a new contract agreement. The date will be announced.

Mrs. C. K. O'Hara, borough secretary, was authorized to send a letter to Michael Baker Jr., Inc. to launch advance plans for the all - purpose incinerator plant.

The next council meeting will be Wednesday, Nov. 24, instead of the scheduled date, Nov. 25, which falls on Thanksgiving Day.

Utah Mishap Claims 41st Victim

U.S. Airman Survives 2 Plane Crashes In 5 Days

SALT LAKE CITY, Utah (AP) — "Oh no, it can't happen again. And here I am only 30 miles from home."

That was Lt. John J. Sullivan's thought Thursday night when United Air Lines Flight 227 crashlanded short of a Salt Lake City airport runway and turned into flaming death for 41 persons.

The latest presumed fatality was identified Friday night as Mrs. George T. Wood by United officials. They said their passenger lists did not include her name.

George T. Wood of Cheyenne, Wyo., said his wife had boarded a connecting flight to United's Flight 227 at Cheyenne Thursday, en route to Salt Lake City to attend a funeral.

Sullivan, 24, of Malden, Mass., was one of the 50 survivors. It was the second time in five days he had lived through an air crash.

Driver's Held In Car Deaths Of 3 Children

CLEVELAND (AP)—A man who police said admitted being the driver who killed three children near an East Side school was held without formal charge today. Facts in the case are to be presented to the prosecutor.

Five pupils from Boulevard Elementary School were on their way home for lunch Friday when a car police said was speeding at more than a mile a minute ran into them.

Killed were Tracie Lewis, 5, Linda Lewis, 8, and Richard Gonda, 9. The girls were not related.

Reported in satisfactory condition in St. Luke's Hospital are Christopher Landrum, 9 and Paula Schuschmel, 7.

Police identified the man being held as John H. Barnes, 41, of Cleveland. They said he was traced through the license registration of the car, which was abandoned about 500 feet from where the children were hit.

Barnes was caught as he tried to run out the back door at his home and later admitted that he was the driver of the death car, Police Lt. George Setz said.

Police records show Barnes has been arrested here 18 times for traffic violations since 1954, nine of the arrests being for failure to have a driver's license.

New Recount Set Thursday

The County Election Board will begin a recount Thursday at 11 a. m in a contested mayoralty election at Washingtonville, the third new tabulation requested as an aftermath of the general election Nov. 2.

The board set the date after a recount application was filed Friday afternoon by William A. Radler, who lost by five votes to B. W Snow, the incumbent, in the nonpartisan balloting.

The official canvass showed Snow received 133 votes to 128 for Radler. Since a county line bisects the community, its elections are administered by both the Columbiana County and the Mahoning County Boards of Elections.

Columbiana County's precinct gave Radler 93 and Snow 105. On the Mahoning side of the line, Radler was credited with 35 and Snow was given 28.

Radler changed his previous plans Friday and decided to file for a recount only in the Columbiana County precinct. He said he will not contest the vote on the Mahoning County side, but will accept the Election Board's certification of the figures from the lone voting machine involved.

Frank R. O'Hanlon, director of elections, said the final outcome of the new tabulation will be decided by adding the recount figures in Columbiana County to the official canvass figures provided by Mahoning County.

In filing for the recount here, Radler posted the $10 deposit required by law.

O'Hanlon said the time for the start of the Washingtonville recount may have to be changed if the board has not completed two other recounts.

The other two will begin Wednesday at 10 a. m. The first will be a new tabulation of Washington Township's five precincts on a township trustee race. Roy Edward Brammer is the applicant.

Then the board will make a recount of all 23 Salem precincts on the Salem mayoralty race between Frank Mason, Republican, and Dean Cranmer, the Democratic incumbent. Mason, defeated by 63 votes, petitioned for the recount.

an Air Force C124 Globemaster that collided with a small plane Sunday over Tulsa, Okla. Sullivan was en route back to Hill Air Force Base — 30 miles north of Salt Lake — with three other crew members who survived the Oklahoma collision.

The other three didn't escape death Thursday.

Airport manager Joe Bergin said Friday the airliner touched down "300 to 400 feet short of the runway," then bounced, skidded along the concrete airstrip, twisted off onto a sand patch and burned.

As the tri-jet Boeing 727 bellied into the ground, lost its main landing gear and twisted down the runway, Sullivan saw flames burst from the rear of the plane.

"The first indication that anything might have been wrong was when I felt this large surge of power, as if the pilot was trying to get extra power up," Sullivan said at Hill Air Force Base hospital.

His face was splotchy red. A day's growth of beard was mixed with tiny burn scabs.

"I looked around just before the plane came to a stop and I saw a curlycue of flame cut across the rear of the cabin — like the fuselage had been cracked open."

Sullivan said everyone sat still until the plane came to rest. Then there was a mad dash for the emergency exits.

"There was panic," Sullivan said. "There was no consideration for other people, no consideration whatsoever. They all started to knock out the emergency exit windows and smoke started to fill the plane.

"There was an exit right behind my seat, but everyone was cramming to get out. I dashed for the other side but so many people were squeezing out I had to wait my turn. Suddenly there was a flash of light and dense black smoke enveloped us."

Sullivan finally jumped through the exit into the left wing, then to the ground.

Boeing Jet With 93 Makes Forced Landing

SPRINGFIELD, Ill. (AP) — An Amercan Airlines Boeing 727 jet carrying 93 passengers and a crew of 6 made an emergency landing at Capital Airport Friday after the pilot reported buffeting in the rudder controls.

The airport tower said the plane, bound from Dallas, Tex., to Chicago, made a normal landing. No one was injured.

Penitentiary Guard Killed

PITTSBURGH — A Western Penitentiary guard was killed and another guard wounded twice Friday afternoon by a knife - wielding convict.

The guard killed, prison officials said, was fatally stabbed when he went to the assistance of the other guard when he was attacked by the prisoner.

The dead guard, Clifford Grogan, 37, of 826 Mayville St., Brookline, suffered three stab wounds in the back and was pronounced dead at the scene by Dr. A. J. Staab, the prison physician.

The other victim, Lt. Lawrence J. Weyandt, 39, of 2-I Chartiers Terrace, Carnegie, was stabbed once in the back and once in the abdomen.

Weyandt was admitted to West Penn Hospital where his condition was reported as fair.

Officials said the stabbing was committed by Stanley Howard, 26, who was sentenced to a 30-to-60-year term for armed robberies in Philadelphia in February 1963.

Officials said that Howard will be charged with murder following completion of the investigation by Lt. James Barger and Detective Thomas Tridico of the State Police.

Grogan, officials said, tripped or was knocked forward during his scuffle with Howard and fell face down on the ground. Howard allegedly pounced on the ground and stabbed him three times as he lay face down, Liffert said.

Police and prison officials said the motive for the attack on the guards is not known, but there was no attempt at escape or rioting.

Ship

(Continued from Page 1)

Nassau, was "burning right to the water line."

"It was a terrible sight," said W.R. Cooper, a Coast Guard helicopter pilot who flew into Nassau with three survivors. "Fire and smoke shot 4,000 feet high."

The Bahama Star had left Miami Friday night just a few minutes behind the Yarmouth Castle. The fire broke out 60 miles northwest of Nassau and the ship was quickly abandoned.

Both the Bahama Star and the Finnpulp began immediate rescue operations and Badeau reported at 8 a.m., "There are no more survivors in the water."

Coast Guard planes circled the burning vessel, dropping flares to aid the rescue operation.

The 12 injured persons were landed at the Prince George wharf here and rushed to Princess Margaret Hospital in ambulances.

There was no immediate report on their conditions.

First reports said the Bahama Star would sail to Miami with her survivors, but later her owner, the Eastern Steamship Lines, Inc., said she would take the shorter trip to Nassau because she had one critically injured person aboard.

There was no word on where the Finnpulp would make port.

The 5,002-ton Yarmouth Castle was built in 1927 by W. Cramp and Sons. Co. of Philadelphia for the Nova Scotia Steamship Corp. and operated for a time between Boston and Nova Scotia. During World War II, she was used as a troop ship.

In 1954, she was renamed Queen of Nassau, but three years later the name was changed back to Yarmouth Castle. She was purchased a year ago by Yarmouth Cruise Lines, Inc., a Panamanian corporation.

200 Rioting Students Wreck British Offices

DAR ES SALAAM, Tanzania (AP) — Two hundred rampaging university students broke into the British Information Services offices today, smashed windows and wrecked furniture. They also tore down the Union Jack from the nearby British High Commission building and stoned High Commissioner Robert Fowler's car.

The action was in apparent protest against Rhodesia's unilateral declaration of independence and the reluctance of Britain to retaliate with direct and immediate force.

Gregory Whip, 18, of Homeworth R.D. 1 suffered abrasions and bruises when his car wrecked along County Rd. 401 between 3 and 3:30 a.m., trapping him for some time.

The patrol said Whip was headed south when he lost control on a right curve, the sedan careening off the road, hitting a "Slow" sign, a tree, mailbox and fence, then overturning on its side.

Unable to get out of the car, Whip sounded the auto horn until he drew the attention of a nearby farmer, who then notified the sheriff's office. A deputy took Whip to Alliance City Hospital, where he was treated and released.

Whip was charged with speeding.

Legislation Erases Double Privilege Tax

HARRISBURG, Pa. (AP) — Gov. Scranton Friday signed legislation that would prevent a person from having to pay more than one occupational privilege tax because he lives in one area and works in another.

The bill, which goes into effect immediately, wipes out a previous law which permitted more than one community to impose the $10 tax.

The act limits the tax to the community where the person is principally employed, and is aimed at such occupations as traveling salesmen, truck drivers, bus drivers and legislators.

Scranton Signs Bill Granting Pitt Funds

HARRISBURG, Pa. (AP) — Gov. Scranton signed into law Friday a bill which provides the University of Pittsburgh with $6.9 million in operating funds for the current fiscal year.

The bill totaed $9,428,442, but $2.5 million in an emergency appropriation approved earlier had to be deducted.

The emergency funds were passed last July when the school was experiencing extreme financial problems. It was passed on the condition that the money would be deducted from the regular appropriation.

Stokes Planning $12,000 Deposit For Vote Recount

CLEVELAND (AP) — State Rep. Carl B. Stokes planned to deposit nearly $12,000 today with the County Board of Elections for a recount of votes cast in the Nov. 2 mayoral election here.

Stokes, who came within 1,925 votes of becoming the first Negro mayor of a major U. S. city, has been working toward a recount since the unofficial tally was announced after the election.

He tried Friday to get the board to recount the votes at its own expense because of alleged irregularities listed by Stokes. But the board said there was no provision in Ohio law for recounting the entire 236,000 votes cast in the 1,189 polling places.

However, an election board recount of nine precincts Thursday cut Mayor Ralph S. Locher's winning margin from 1,993 to 1,925.

Ray C. Miller, director of elections, said it would be about five days before the recount could begin and that barring delays it would take about three days to complete.

Liquor Charges Dropped Because Of Time Mixup

Liquor violation charges against Charles Pittenger, 48, of Chester and Howard Mitchell, 27, of East Liverpool were dismissed by Squire Harry Lytton of Newell in a hearing Friday.

Lytton explained that a technicality in regard to daylight saving time was the reason for the dismissal. While daylight time continued until the end of October in Hancock County, the remainder of West Virginia turned the clocks back at the end of September.

Since the raid in which the arrests were made was conducted between midnight and 1 a.m. Oct. 24, the charges of dispensing and consuming beer after hours did not apply, according to state law, the squire said.

Pittenger, licensee of the Hilltop Inn, located east of Chester on Route 30, and Mitchell, a customer, had been cited by Hancock County sheriff's deputies.

Woman, 72, Killed In Sandusky Wreck

SANDUSKY, Ohio (AP) — A 72-year-old Sandusky woman was killed Friday night, and another woman was injured at an intersection in downtown Sandusky.

Dead is Elizabeth Seeley. Her companion, Kathryn Hartleid, 71, same address, was reported in fair condition at Providence Hospital.

The driver of the car, 24-year-old Bobbie Anderson, was not held. Police said the two women apparently were crossing against the light.

1 Killed, 1 Injured When Car Rams Train

CANTON, Ohio (AP) — William Summons, 22, of Canton was injured fatally when his car rammed a freight train and burst into flames at a Pennsylvania Railroad crossing here Friday night. Lulu Belle Smith, 29, of Canton, a passenger in the car, was injured.

Paul B. Euliss, 44, of Galion, engineer of the 52-car train, was hospitalized after being struck by a car while directing traffic.

Girl Dies In Wreck, Driver To Be Charged

LANCASTER, Ohio (AP) — Donna Sanders, 20, of Baltimore, Ohio, was killed Friday in a car-truck collision on Ohio 256 west of Baltimore.

The girl was a passenger in a car driven by Gene Alfred Sutton, 17, also of Baltimore, who Fairfield County sheriff's deputies said would be charged with driving left of center and having ficticious license plates. Sutton was in critical condition at a Lancaster hospital.

Marcos' Lead Still Mounting In Philippines

MANILA (AP) — President-elect Ferdinand E. Marcos, with his official vote tally still mounting, called on the nation's law enforcement agencies today to foil any "attempt to alter the will of the electorate."

Marcos issued the statement in the face of incumbent President Diosdado Macapagal's refusal to concede defeat despite increasing appeals to do so. Even the official Election Commission has asked the president to acknowledge his loss.

Macapagal's press office told newsmen, "We know of no plan for the president to make any such statement."

Marcos, 48, candidate of the Nacionalista party, surged to an unbeatable lead in unofficial returns Friday night. The Philippine News Service, which tabulates votes for all Manila newspapers, quit counting when Marcos built up a lead of 679,975 votes out of more than 8 million cast.

The official election returns confirmed the unswerving Marcos trend. They gave Marcos 3,187,943 votes to 2,595,200 for Macapagal — a lead of 592,743.

Political intimates of Macapagal admit he was beaten in Tuesday's voting. However, they say he will not concede until the official returns conclusively show defeat is beyond question.

Truck And Auto Are Involved In Chester Mishap

A tractor - trailer and an auto were involved in a sideswiping accident early this morning in Chester.

Raymond Lee Maylone, 21, of Monaca was the driver of a 1957 westbound sedan which struck an oncoming eastbound 1964 tractor - trailer operated by Sam Bert, 49, of Washington, Pa., on Carolina Ave. at Dunn St., police said.

Maylone was cited for driving left of center by Chief Harold Davis, who investigated. Davis timed the accident at 4 and estimated total damage to the auto, but only minor damage to the truck, whose owner was listed as the Suwack Trucking Co. of Washington.

Maylone, who posted $15.50 bond, is due to appear before Mayor Harry Abrams Thursday at 10 a.m.

Man Cited In Threat May Escape Charges

YOUNGSTOWN, Ohio (AP)—A Wickliffe man charged with threatening the life of a federal judge last year will not have to face the charges if he gets private medical aid. U. S. District Court Judge Frank J. Battisti set the conditions Friday under which charges against Nicholas DeNiro would be dismissed.

An assistant U. S. attorney asked for dismissal of the charges against DeNiro, who allegedly threatened the life of the late Judge Paul Jones in March, March, 1964.

Man Buried In Coal Dust Reported 'Fair'

DENNISON, Ohio (AP) — A man buried under nearly three feet of coal dust was kept alive during a half hour rescue operation by breathing through the sleeve of a coat.

John Humphrey, 23, of St. Clairsville was reported in fair condition here after Friday's ordeal. He became buried beneath the dust after he kicked a coal sifter to unclog it.

Cited For Violation

CLEVELAND (AP) — The board of elections has ruled that Thomas H. Shaughnessy violated Ohio's corrupt practices act by giving away phonorgraph records and rubber balls during his campaign for city councilman. The ruling was made Friday on a complaint by his opponent, Councilman Jack P. Russell. Shaughnessy lost by an unofficial count of 100 votes and says he will ask for a recount.

Judge Fines Area Drivers

LISBON — A Wellsville motorist was fined $30 Friday in Southwest Area County Court on a charge of permitting an unlicensed person to operate a motor vehicle.

Beverly L. Buckel, 41, pleaded guilty before Judge J. L. MacDonald, who suspended $25 of the fine.

Beverly E. Black, 20, of Hammondsville pleaded guilty to a charge of operating a motor vehicle without a proper permit. Her learner's permit was suspended.

Roger Shook of Salineville R. D. 1 was fined $15 on a charge of failing to yield the right-of-way at an intersection. Judge MacDonald suspended the fine.

Four persons were fined on separate speeding charges. They were Gary E. Imhoff, 24, of East Rochster, $30; Frederick L. Clair, 22, of East Palestine, $15; Lillian Schroeder, 66, of Salem, $10, and Doyle G. Burch, 34, of Salem R.D. 2, $10.

Fined $15 each were William F. Klavuhn 30, of Wellsville, excessive speed for road conditions, and Mancil L. Ridgeway, 35, of Hanoverton, operating a motor vehicle with plates belonging to another.

William R. Grodhaus, 24, of Wellsville was fined $10 for failing to yield the right-of-way.

James Semenak, 35, of Minerva forfeited appearance bonds totaling $115 on two traffic charges — $100 for leaving the scene of an accident and $15 for failing to stop in the assured clear distance.

Forfeiting appearance bonds of $15 each were Raymond E. Bentfield, 44, of New Springfield, speeding; Louis R. Nassif of Cedar Rapids, Iowa, failing to obey a stop sign, and John R. Belat, 73, of Columbus, failing to yield the right-of-way.

LURE TO LEISURE

Liveliness! Gayety! Informality! All of these terms plus warmth and romance may aptly be used to describe Early American furnishings and decor.

While the furniture of this period really descended from that used in 16th and 17th century England, our Colonists were not content to copy the styles of their forebears. They modified the originals, added new features to them and gradually the style we now know as Early American evolved. True, the beginnings were crude due to the meager austerity the settler's lack of material goods imposed. But gradually as conditions improved so did the furniture. Today, technical advances have been responsible for much of the refinement we now enjoy in this delightful style.

The early American living room sketched above is truly a lure to leisure. All the warmth and charm of the authentic furnishings stand out importantly against the off-white walls. Color accents of strong blue-green complement the rich wood tones of the furniture.

Draperies with subtle pattern are the same shade of blue-green as the sofa. Carpet is a paler shade. Chair covers in jade and strong turquoise complete the color plan. Comfort is the keynote of this room.

Are you an inquisitive home planner? One who likes to explore all the possibilities of finding new innovations in furnishings? If so, we urge you to come right in and see our comprehensive assortment of new designs as well as all the old favorites. Soon, we hope.

It Could Be A Firecracker

If ever a full-dress inquiry and report could be justified, the Northeast's electric power failure would be the justification.

The scope of the inquiry might properly be international. The high drama of New York City's blackout diverted attention from the fact it affected a large area of Canada, including Toronto.

Looking at the power paralysis in short perspective, an observer might wonder if it may not have been another prime example of the way New Yorkers think of themselves and their provincial problems as the only thing of consequence on the entire continent of North Ameria.

What happened is everybody's concern.

If policies and arrangements standard in the Northeast are being duplicated elsewhere, the same effects could ensue. Hence, the need for an inquiry by people who know what to look for and how to describe what they find.

THERE IS evidence that automation caused a cumulative power paralysis, starting with an original cause not yet found.

There is evidence that automation can be overdone, if the potential effect is to accelerate a breakdown, which was the effect when automatic switches kicked off and thereafter could not be closed again until human beings had been dispatched to do the job.

There is evidence that some arrangements in power distribution supposed to avert widespread failure backfired and aggravated the consequences of failure.

To construe this evidence more bluntly, it suggested the possibility that some of the superintelligences which supposedly have been making the electricity supply fool-proof have been making it fool-prone, instead.

The electrical industry has not been of one mind about the arrangements. Some of its spokesmen have been wondering about fool-proneness.

THESE PEOPLE now should be encouraged to say what is on their mind.

The nation's bland assumption that everything was being taken care of and was in irrevocable apple-pie order has been shattered.

It is going to take more than a round of apologetic throat-clearings and muttered reassurances to put it back in working order.

It is no time to go back to sleep.

A full-dress inquiry and report on last Tuesday night's power failure could be a firecracker that would keep everybody awake long enough to get something done.

'Worth Every Damn Minute Of It!'

"It's worth being over there. It's worth every damn minute of it! That kid, the one talking, he just can't realize what the whole thing is about."

The words are those of David K. Bradfield of Berea, a former East Liverpool resident. They were directed at another young man who was busy pouring out what he felt were reasons why the U. S. should not be in Viet Nam.

Mr. Bradfield was not a combat soldier and he was over Viet Cong territory only twice, flying as a guard for an Army payroll, but he was knocked down by a terrorist's bomb explosion in Saigon and had been on the scene for sufficient time to comment with some authority, certainly with more authority than one who has not been "over there" at all.

This is but a minor incident in a series of major incidents which have been stirring concern across the nation as America's policy in Viet Nam is being kicked around in the most critical manner. Some are for it, others are not.

Of those who oppose the present policy, it seems safe to assume that too many fall in the category of those who Mr. Bradfield says "just can't realize what the whole thing is about." To have opinions is not a fault, but to be opinionated is another thing.

To condemn American foreign policy loudly, and carelessly, without a solid basis for doing so is a practice that can do far more harm than good. It serves the Communist propaganda machine in the same manner that one of the many jungle traps serve the Viet Cong during the actual fighting.

Our foreign policy has been a matter of concern on high and low levels — and will continue to be.

But we're far more inclined to go along with those who have been there, like Mr. Bradfield, in the feeling that "it's worth every damn minute of it" than to fall in line with those who express their views in too many cases merely to be expressing views without serious thought as to the consequences.

Snap Judgment

Add things we can do without — the senseless vandalism that is being directed at car antennas.

This is actually not a new development in the field of devilment, but it was brought to mind again by the rash of antennas either damaged or destroyed in the St. George St. area of East End this week.

There certainly must be more constructive things to do than sneaking around after dark and snapping antennas. It's difficult to understand what enjoyment one could get from the destruction of property unless it is the act of a person with a depraved mind whose sense of judgment snaps with the ease of an antenna.

Rhodesia's Long Journey

Cecil Rhodes and Ian Smith would have been compatible partners on the doctine of white supremacy in Rhodesia.

Rhodes, the empire builder for whom Rhodesia is named, believed the Anglo-Saxon race had reached the highest point of evolution in fulfillment of a divine plan. His mission was to advance that plan by all possible means.

Southern Rhodesia was his masterpiece. Northern Rhodesia, now the Republic of Zambia, went off on a different tack. Its natives were encouraged to govern themselves. Nothing like that happened in Southern Rhodesia. Its natives were subjugated in all ways.

Hence, the head-on collision that inevitably had to occur between white supremacists in Southern Rhodesia and a British foreign policy that called for native participation in government.

The same collision occurred previously in the Republic of South Africa, which left the British Commonwealth in 1961 over the issue of white supremacy.

It is gross disservice to human understanding to liken these breaks with the American Declaration of Independence in 1776. There is no similarity.

The comparison would be appropriate if made with the United States and dissident states like Alabama, where white supremacists take the position that Negroes never must share the responsibilities of government with white men.

U.S. comment on Rhodesia should be guarded in the light of this similarity—guarded for the same reason it was guarded when white supremacists in South Africa declared their independence of British policy and pulled out of the Commonwealth.

The United States has struggled with this problem longer than Rhodesia and fought one of history's bloodiest wars to secure citizenship for Negroes—and the problem hasn't been settled yet. It will be a long journey to reach a modus vivendi in Rhodesia.

Cecil Rhodes never saw Africa until our own Civil War battlefields here had been healed with grass. He died in 1902. Ian Smith, who is leading Rhodesia out of the British Commonwealth, was born 17 years later.

Two Out Of Three

By Truman Twill

No matter how hard I try, I can't see any difference between medicine men keeping a real doctor from treating a patient in the jungle and people who staff efforts to block public improvements.

The witch doctors have nothing to offer but the same old mumo-jumbo.

Opponents of public improvements don't even have mumbo-jumbo—nothing but last-ditch resistance.

Constructive resistance, like constructive criticism, is out of their line.

They resist for the sake of resisting.

Negativism is their motivation. Wait until someone proposes something, then smash it.

The inverted thinking that makes them do this is one of the built-in handicaps of popular government. All of us are guilty of it at one time or another.

But when it happens at the expense of something we believe in, and particularly when the smashers crack up something we thought was worthy, we can only swallow hard and wonder whither popular government.

It does no good to wish the smashers could be forced to offer suitable alternatives; they can't be forced to do anything. Try it and they'll smash you, too.

It is futile to wish we could return to the intention of the Founding Fathers and have republicanism; i.e., decisions by qualified representatives, instead of by uninformed and often malicious pressure blocs that coalesce at the polls, then disperse like vandals after the damage has been done.

The Republic is not going to revert to the original plan of governing with qualified trustees sent to the seat of government by the people. There isn't a chance.

More and more direct voting will be done. Fools even have proposed direct voting on whether the United States should go to war.

Only one solution is in sight.

On all questions of substance, require three ballotings—two out of three for a decision.

This would give every important decision a fighting chance. It would give voters a chance to reconsider on second thought, as many do, once they have delivered themselves of rancor or enthusiasm, whichever is uppermost when they go to the polls.

Best of all, it would give voters more exposure to pro-and-con arguments.

The easiest thing in America to discover is that most citizens have only a smattering of ignorance when they vote. This does not matter too much on decisions about candidates, because getting elected is a good deal like winning a lottery anyway.

But it does matter when people are making decisions about public progress. They are entitled to two chances out of three when progress is the issue.

Now Comes The Hard Part!

Blackout Showed U.S. Weakness

By Victor Riesel

I'm anti-electricity. I'm for the kerosene lamp.

I'd rather be enveloped by the sweet aroma of the burning oil wick than by the acrid odor of the chemical rod-like bulbs which seeped into the paralyzed, Stygian elevator in which I was trapped for almost three hours.

Victor Riesel

Almost it turned into a death car. For it was almost hermetically sealed. Almost the air gave out. The noxious fumes left us gasping while we listened to the rescuers' sledgehammers batter down the tough wall beyond which stood Mayor-elect John Lindsay.

He had come to the broadcasting station building to keep an appointment with me for an exclusive radio interview on his national and municipal labor policies. We never did get to the mike.

So I'm anti-electricity. But mostly now I'm anti those pipe-puffing fellows who sit in philosophical contemplation and patronizingly tell us that there is too much concern with the "Communist menace."

THE EERIE MASS paralysis, the vast oppressive darkness, the sudden crippling of territory from Toronto to parts of Pennsylvania at 5:27 p.m. proves there is a jugular in the U.S. If we were further along in the development of a national power grid, the entire land could be darkened in less than a second.

It's Leninist theory that a Marxist organization must go for the jugular.

It makes no difference whether the mechanism, just outside of Syracuse, N.Y., was sabotaged. Fact is that just a handful of Communist saboteurs could have accomplished what would take armadas of manned enemy aircraft. Even these fleets could not effect total darkness.

We will not be told whether or not the power system was sabotaged. That's because there are meager security controls.

Topside men in the executive suites of the big utilities are financial, organizational and planning brains. They must depend on thousands of others who run the actual machinery, go into the holes, handle the switches.

All fine men. But they are not at all their stations all the time. Sooner or later some key spot must be left uncovered.

Then it would take but one man, or a trio of fanatical technicians to "blow" the grid, darken the land. So it is not relevant to be told patronizingly that the Communist movement is merely a neurotic conception on the part of those who suspicion it — and that it's inconsequential because it has "merely 10,000 followers."

IT'S NOT RELEVANT to be told that the Maoist street revolutionists are a wild band of beatniks and oversexed youths who should cause little concern because they total "merely 1,500 esoterics."

It's not relevant to be told not to be disturbed by the 40-odd fanatical, quasi-military, street-fighting bands because their cadres are only 10 to 15 strong.

Fact is that in June 1942 the Nazi government landed eight men by submarine in the U.S. Four were put into Florida. Four went ashore in Long Island. They had plans to blow up just such industrial power installations which went out the other night. The saboteurs had dynamite in bags of simulated coal. That would have meant an explosion. Methods are more subtle now.

And what of the small unit of Fidel Castro's saboteurs with similar plans for disruption of the Eastern seaboard?

Both the Nazi units and the Cuban Communists were apprehended swiftly by the FBI. But what if J. Edgar Hoover's men were not the skilled agents they are?

Obviously it's not the size of a movement. It is the strength of its fanaticism.

Communists have been colonizing crucial industries for decades. This is not a mass operation. It means placing a "sleeper" in a key section of a strategic department of a vital mass production plant or mill or mine.

THERE IS IN THE FBI FILES A memorandum handed to an FBI undercover agent by a Communist organizer in the Buffalo-Lackawanna (New York) Steel area which says: "It is necessary for a Marxist Revolutionary party to be rooted in these industries."

These "industries" are the jugulars of America. The horrendous blackout the other night (just ask some of us who crept through it) proves that these jugulars are unprotected.

This is a dangerous moment for this land to be asleep on its back.

Especially since a handful of Communist labor leaders now are seeking the most effective fashion and timing for strategic moves to hurt U.S. forces and impede the flow of their supplies to Viet Nam.

These Communists have been in a series of conferences during the last two months. I report this as fact not fancy.

It can happen here all right. The blackout proved that — regardless of what is proven about the blackout.

Aluminum Dump

By David Lawrence

Johnson's Action Question

President Johnson may have made in the last few days a political mistake of far-reaching importance by placing the Democratic party in the unenviable position of being completely responsible hereafter for the economic well-being of industry, of agriculture and of the individual citizen throughout the country.

David Lawrence

By asserting as a right of the government the power to fix the price at which aluminum can be sold, the administration has taken control of the metal market and, by implication, has assumed a mastery of all the businesses of the country which produce or use the various commodities in the government's stockpile or are dependent on federal contracts involving tens of billions of dollars.

The administration already has been exerting pressure on the Federal Reserve Board to hold interest rates down even as bank loans are today at an unprecedentedly high level but not until the President stepped in to order the Defense Department to sell 300,000 tons of aluminum in the government stockpile did it become crystal clear that the role of government as an adviser and counsellor of business had been expanded to the role of disciplinarian and boss.

WHETHER IT BE CALLED an economic dictatorship or an unwarranted extension of executive power without any specific authorization by Congress to fix either wages or prices, the net effect of the latest interference in the natural operation of the laws of supply and demand is the same. Today the chief executive of the United States government has become the chief executive of what has hitherto been regarded as a private-business system in America.

It has come as a shock to American businessmen, who have thought that Mr. Johnson was sympathetic with the business viewpoint, to read what he did in threatening and then clubbing the aluminum companies into the rescinding of prices rises they had felt were necessary to achieve a fair return on the investment of capital.

How can investors expect satisfactory dividends to flow from the initiative and ingenuity of business management where there is a veto power exercised against business operations by the President of the United States? How long will it be now before the prices of securities will be seriously affected, and will citizens be inclined to put their savings into companies that are limited in what they can pay in dividends?

As for the wage earner, he sees the federal government sanctioning $10,000 a year wages for the average steel worker, and wonders why the administration doesn't arrange it so the employes doing comparable work in other industries can get a similar wage. Will the cost of living now keep on going up and will the dollar be further depreciated at home and abroad?

THE ADMINISTRATION, of course, has insisted in the last several days that when it announced its intension of selling aluminum from the government's stockpile, this was being done merely to prevent American purchasers from buying the metal in foreign countries, thus causing more American dollars to flow overseas. This turned out to be a camouflage of the real reason, which was to prevent a domestic price increase in aluminum itself.

America has entered into an era of government dictatorship on the economic scene without any specific sanction by Congress. All this inevitably will have a far-reaching influence on future elections. Whether times are good or bad has always been a factor with many voters in either supporting or rejecting a party in power.

Now there will be a greater awareness of this issue and it could be decisive.

The administration hereafter will find itself even more the recipient of blame or praise for every important change in wages or prices or in the purchasing power of the dollar.

It's an awesome responsbiility for any administration to assume. In the next presidential election three years hence, the Democrats will have to bet on the prevalence of a booming prosperity, or else face the consequences of a recession or deep depression that they themselves may have unwittingly wrought by that time.

Mary Ellen Peck Marries In Ceremony At Midland

Miss Mary Ellen Peck, daughter of Mr. and Mrs. Howard E. Peck of Highland Dr., Calcutta, became the bride of Charles A. Joseph, son of Mr. and Mrs. Ben A. Joseph of Penn Ave., Midland, the afternoon of Nov. 6 at 2:30 o'clock in the parish house of the Midland Presentation Catholic Church.

The double - ring ceremony was performed by Fr. John G. Sabovik, assistant pastor, in the presence of members of the immediate families.

—:—

THE BRIDE wore a three-piece white brocade suit featuring a jacket with full back and bell-shaped sleeves. Her headpiece was a white Mantilla, borrowed from a sister, Miss Sally Peck of Pittsburgh, who was maid of honor.

Her bouquet was an arrangement of white sweetheart roses and stephanotis with blue and white love knots. The six pence in her shoe was given to her by Miss Patricia Joseph, sister of the bridegroom. For something old, she chose her mother's engagement ring.

The maid of honor wore a two - piece beige outfit with matching accessories. She carried a colonial bouquet of sweetheart roses and miniature white carnations. Miss Rebecca L. Peck of Pittsburgh, another sister of the bride, was bridesmaid. She wore a two - piece beige and off - white ensemble with matching accessories. Her flowers were also sweetheart roses and miniature white carnations.

The bride's mother chose a two-piece rose knit dress with matching accessories. The bridegroom's mother was attired in a three - piece blue suit with matching accessories. Both wore corsages of miniature carnations.

James J. Toth of Midland was best man.

—:—

A DINNER followed the ceremony at the home of the bride's parents. Mrs. Sarah Miller of Smiths Ferry, aunt of the bride, was an aide. Special guests were the bridegroom's grandparents, Mrs. Mickaline Joseph and Mr. and Mrs. Nick Cilli, all of Midland.

The table was centered with a bouquet of white mums, yellow rosebuds and white tapers. A two-tier wedding cake, topped with wedding bells completed the setting.

A reception, given by the bridegroom's parents, was held in the evening at the lyceum of the Midland church. A three-tier wedding cake, baked by Mrs. Bernard Joseph of Midland, centered the bridal table.

Aides were Mrs. Ralph Cilli, Mrs. William Selepec, Mrs. John Joseph, Mrs. Sebastian Cilli, Mrs. Patsy Fronzaglia, Mrs. Carl Tilow and Mrs. Bernard Joseph.

Mrs. Marcia Manning, adviser, said the entry was the first made by Beaver Local.

People In News

UNITED NATIONS, NY. (AP) — U.S. Ambassador Arthur J. Goldberg had to drop out of the U.N. Security Council debate on Rhodesia Friday because of a virus infection.

A spokesman said Goldberg will remain in bed at his home for a few days. A deputy, Ambassador Charles W. Yost, took his place.

CHATTANOOGA, Tenn. (AP) — Teamsters Union President James R. Hoffa was denied Friday, his third plea for a new trial in Chattanooga on jury-tampering charges.

U.S. Dist. Judge Frank Wilson said Hoffa's latest motion contained charges designed to "thwart the administration of justice."

Hoffa has contended that Judge Wilson was prejudiced against him, that U.S. marshals supplied trial jurors with liquor and prostitutes, and that marshals tried to prejudice jurors against him.

PHILADELPHIA (AP) — Susan Starr, internationally known concert pianist, received her final divorce decree Thursday in Philadelphia from Kenneth B. Amada, also a concert pianist.

The couple was married in 1962 when Miss Starr was 19, and Amada 30. They have two children.

Dallas Again Given Medal By Air Force

Maj. Leonard Dallas, son of Mrs. C. F. Dallas of 927 Minerva St., has been awarded his second Air Force Commendation Medal for meritorious service during recent assignment at Prestwick, Scotland.

He presently is stationed at McGuire Air Force base in New Jersey.

Maj. Dallas enlisted in 1942, was commissioned a second lieutenant in 1944 and flew combat in the Pacific Theater during World War II. He was placed on inactive duty in 1946, re-enlisted in 1948 and was commissioned a second lieutenant in 1949.

He holds the aeronautical ratings of aerial gunner, bombardier - observer, navigator and senior pilot.

Maj. Dallas was graduated from East Liverpool High School in 1941 and is married to the former Dorothy Virginia Smitley of Dover.

Other decorations he has received include the Air Medal, Good Conduct Medal, Presidential Unit Citation, American Theater Service Ribbon, Pacific Theater Service Ribbon, Western Pacific and Japanese Offensive Bronze Stars, World War II Victory Medal, American Defense Medal, Longevity Service Ribbon with four Oak Leaf Clusters and the Reserve Medal with hourglass.

Pack Organized In Midland Area

A new Cub Pack 478 in the Midland area is being organized under sponsorship of the Midland Sportsman's Association, with Michael Hornick president.

A committee meeting will be held Sunday at 2 p.m. at the home of Cubmaster Thomas L. Kraker of Meadowbrook Estates in Ohioville. The group will plan and set up the committee organization.

William H. Phillips is institutional representative and John R. Kundick, John W. Turyan and George Postion are committee members. Kraker will be assisted by Earl J. Austin, assistant cubmaster.

Den mothers include Mrs. Bernard Hartman, Mrs William Phillips, Mrs. Pete Fedorko, Mrs. Jane Morris, Mrs. E. Ann Brown and Mrs. Elaine Kraker.

The first pack meeting is scheduled for Dec. 10 at 7 p.m. at the clubhouse, with parents of the boys invited to attend. Members of Cub Pack 437 of Raccoon Townships will conduct the Bobcat induction ceremony for the new members and the pack will be presented its charter and membership cards.

U.S. Control Over Industry Emphasized In Book Review

The dangers inherent in the ever - increasing control of the federal government over private industry were stressed by the Rev. Russell Mase of the Emmanuel Presbyterian Church when he reviewed the book "Our Depleted Society" (Seymour Melman), at the meeting of the Lions Club Friday at the Travelers Hotel.

The constant push to produce more than enough nuclear weaponry to kill everyone on the planet, in adhering to the "overkill" concept, has allowed our lead in industrial capacity to slip, since enormous starting salaries in the space and nuclear industries are drawing bright graduates who ordinarily would train for the fields of teaching and medicine, it was explained.

In addition, the government is so involved in purchasing that industry no longer needs to compete on a worldwide basis, which results in less efficiency and a false prosperity, it was pointed out by the author.

The end result may be that America eventually may become a second - rate nation in an industrial sense, the author warned.

Rev. Mase was introduced by Harry Faulk, program chairman.

Vincent Maola reported on plans for a ladies' luncheon Dec. 3.

Dick Walker, zone chairman, announced that a zone meeting will be held Thursday.

Purdy To Head Ohio School District Study

COLUMBUS, Ohio (AP)—The Ohio Board of Education has appointed Dr. Ralph D. Purdy, director of Miami University's Bureau of Educational Field Services, to head an 18-month statewide survey of school districts.

The Ohio General Assembly this year enacted legislation providing for development of a school district organization master plan and creating the Ohio School Survey Commission.

Pittsburgh Area Bishop Claimed

PITTSBURGH — Dr. W. Vernon Middleton, 62, resident bishop of the Methodist church in the Pittsburgh area, died of a heart attack late Friday in Minneapolis.

Bishop Middleton and his wife, Miriam, were on their way to Seattle to attend a meeting of the council of bishops.

The Middletons, who resided in Mt. Lebanon, had flown to Minneapolis and were in a taxi transferring to the train station when he was stricken. His wife, a son and a daughter survive the bishop.

Bishop Middleton, administrative and spiritual leader of 400,000 Western Pennsylvania Methodists, was named to the bishopric in 1960 following a distinguished career in national mission work.

Ohio Trade Mission In Germany Meetings

DUSSELDORF, Germany (AP)—Ohio's trade delegation was to meet with businessmen in Frankfurt and Hamburg and to take a tour of Berlin today before leaving Germany Sunday for Milan.

Glen Allen, special projects director for Gov. James A. Rhodes, said the delegation, which arrived here Wednesday, has been receiving an enthusiastic response from German businessmen.

Meanwhile, Gov. Rhodes, touring Israel in connection with his work as a member of the International Olympic Committee, was guest of honor Friday night at a dinner given in Tel Aviv by Israel's Macabi Sports Organization.

BIG BOOK

The atlas is quite an armful. Chip had a time lugging it down off the shelf, but he wanted, once again, to look at some of the fascinating pictures.

He's a small boy for such a big book. Maybe he doesn't understand all of it. But it whets his curiosity, and the curiosity of a small boy is truly insatiable.

Even as Chip glances at the pictures, questions are racing through his mind. And to whom will he address these questions? To *you!*

When youngsters ask questions, it is up to us, supposedly "grownup" and therefore wiser, to try to give them the right answers. In this day of sometimes dubious and changing values, that isn't always easy. We must first make sure that we have the true basic answers ourselves. There is no surer way of doing this than by arming ourselves with the faith and wisdom found in the Holy Scriptures and in our churches.

This photograph of a saucer-shaped flying object was snapped Aug. 3 near Santa Ana, Calif., by Rex Heflin, a 37-year-old highway department aide who said he doesn't believe in flying saucers. He estimated the object to be 30 feet in diameter and about 8 feet thick and traveled about the speed of a jet plane. (UPI Telephoto)

Among several reported sightings of unidentified flying objects early in August across the Southwest and West was this one photographed by television newsman Bob Campbell near Sherman, Tex., about 2:30 in the morning.

Mystery In The Sky

Flying Objects Seen In Area Add To Growing Belief In Possibility Of Other-World Visitors

EAST LIVERPOOL REVIEW

East Liverpool, O., Saturday, Nov. 13 Page 8

Might we have visitors from outer space?

Who has not heard this question asked in one manner or another in recent years?

Do reports of strange, unidentified flying objects in the skies indicate something out of the ordinary, or are they, as certain agencies have explained, merely the result of "misidentification of familiar objects"?

Area residents are among the thousands over the U. S. reporting such sightings. For example:

Malcolm Stenger of 2026 St. Clair Ave. relates, "It was around the middle of August between 10 and 12 o'clock at night. The objects we saw were straight overhead, and appeared like three different points of light converging into one."

Stenger, who is superintendent of Riverview Cemetery, said "After they converged, as one object they took off and disappeared, traveling west to east. I couldn't even guess at their attitude, but I knew they were traveling much faster than aircraft.

"At first they were flying more or less parallel in kind of a formation, before they started going together. They made no sound."

Max Gard, Columbiana County commissioner and antique dealer who lives near Hanoverton on Route 30, described another incident.

"IT WAS SHORTLY after 9:30 on the evening of July 20 when our daughter came rushing into the house and said she had seen a flying saucer and that it was coming over our place.

"I went out and saw what she referred to. It was a very brilliant object in the western sky, where it had caught the sun's rays."

"It was very large, very high, and moving many times faster than any jet plane I had ever seen, and was soon out of sight," the commissioner stated.

"As it moved into the earth's shadow, we could see that it had a grayish metallic color. There was no perceivable sound. There was no possibility of it being a weather balloon or a satellite."

Since June 24, 1947, when the unusual experience of Kenneth Arnold, Western businessman, was reported, "flying saucer" has been a household phrase and UFO's (unidentified flying objects) have been a popular topic of discussion and debate.

According to Aime Michel, auothor of "The Truth About Flying Saucers" (Criterion Books, Inc. : 1956), Arnold "was flying solo in his private airplane above the State of Washington, in the extreme northwest of the United States, exactly halfway between Chehalis and Yakima."

Arnold reported seeing "nine gleaming discs" traveling "at about a thousand miles per hour", and maneuvering between the mountain peaks in the area.

AN OBJECT SEEMING to fit the "saucer" description was observed by Mrs. Margaret L. Greene of 2409 St. Clair Ave. A member of the display advertising staff at The Review, Mrs. Greene said, "I saw it coming out of the northwest; it seemed like a huge ball of fire, or a huge searchlight.

"I watched it coming to me as if it were mechanically propelled. I went into the house, called my neighbors, and we saw it disappear into the southeast. As it went over, we could see that it had a flat disc shape. I believe it was in late July."

Mr. and Mrs. Herman Kinsey of Rogers remember vividly the details of a strange experience in Clarkson eight years ago.

"It was a fall night in 1957," Kinsey recalls, "just about when it was starting to get cold. We were pulling up to the house in my car. I noticed a bright light, and thought it was a reflection, but when I got out I could see it was something hovering above the barn. It gave out a high-pitched noise that reminded me of a choir humming."

Thoroughly frightened, the couple ran into the family home, located adjacent to the barn at that time. The object then "took off straight up and went out of sight."

Mrs. Kinsey's sister-in-law, Mrs. Martha Eyster of the Pancake-Clarkson road, went through an equally unnerving experience in the same year.

She was traveling by auto toward Clarkson on the Sprucevale road in the company of several friends when "a big object, a funny shade of blue with a reddish-white halo around it, passed over us. The car motor sputtered and then stopped completely. We couldn't imagine what was going on. The headlights also dimmed.

"After the object passed over, it appeared to be landing. When it went out of sight, we got the car started again." A survey the following day revealed no traces of the object having made contact with the ground.

PERHAPS THE intense present-day interest of some individuals in the possibility of visitors from other worlds stems partly from the recent success in placing men in orbit around the earth and in sending precise probes to relatively nearby spatial real estate.

If it is possible for us to achieve space travel, logic would say, why couldn't another civilization on another planet capable of supporting an intelligent form of life have achieved the same success, and possibly in a much more advanced degree?

The fantastic progress made in space exploration since 1957, when the first Russian satellite was thrust into orbit, would indicate that progress in an infinitely greater measure would be possible over a period of decades, hundreds of years, or even milleniums which a neighboring civilization might have in its backlog of experience in extraterrestrial activity.

Stephen H. Dole and Isaac Asimov, authors of "Planets for Man" (Random House: 1964), based on the Rand Corporation research study on planetary probability, consider that there may be countless worlds throughout our own galactic system where human beings would feel perfectly at home.

"TO BE SURE," the book states, "the most common kind of habitable planet . . . should be similar to the Earth in many respects."

Such a planet, it is explained, would have most of the physical and meteorological phenomena with which we are well acquainted, such as "oceans, beaches, winds, clouds, rain. . . Although always with enough difference in detail to make each planet a fascinating experience."

"But in addition to these typical Earth-like habitable planets, there should also be many unusual and rarer kinds among the 600 million habitable planets that we have estimated to exist in our Galaxy . . ."

The very fact that we have progressed to the point of achieving the means of traveling to such other worlds would be of great interest to any intelligent beings capable of observing our progress.

This could have some relationship to the great number of worldwide sightings reported in the last several years, should it be true that we are under some system of surveillance.

Although interest in UFO's is currently at a high level, reports of such objects are not confined to the present-day civilization.

Relates Jacques Vallee, author of "Anatomy of a Phenomenon" (Henry Regnery Company: 1965): "Apparitions of strange objects in the sky have for centuries stirred popular emotion and have at times caused crises and panics.

"Tschi Pen Lao, of the University of Peking, has discovered remarkable drawings on a Hunan mountain and on an island in Lake Tungting." The granite carvings, possibly made as far back as 45,000 B. C., depict people "with large trunks, and cylindrical objects in the sky on which similar beings are seen standing . . ."

The author also mentions the vision of the Old Testament prophet Ezekiel (Chapter I) as containing expressions similar to those used to describe modern sightings.

IF, ONE MIGHT ASK, visits from outer worlds are a fairly common occurrence, why haven't the guiding creatures landed their spaceships, or established contact with us?

There are many accounts concerning fruitless attempts to approach the unknown objects. Michel writes, "Of all the saucer incidents, the Gorman case is certainly the greatest shock to common sense. It involved a duel which a pilot fought with a luminous and apparently non-material globe on the evening of October 1st, 1948 . . ."

The author then tells of the "duel" between a Mustang flown by Lieutenant George F. Gorman of the Air National Guard in the vicinity of Fargo, N. Dak., lasting for 27 minutes and witnessed by airport control tower personnel and occupants of a Piper Cub in the landing pattern.

Similar occurrences abound, one notable case being the widely-reported Washington, D. C., contacts in 1952. A dispatch in the July 28, 1952, edition of The Review reads, in part:

"Radar — which normally doesn't show something that isn't there—has picked up 'flying saucers' near the nation's capital for the second time within a week.

". . .The Air Force reported that between four and 12 unidentified objects appeared at 8:08 p.m. Saturday night on the radar screen at the Air Route Traffic Control Center operated by the Civil Aeronautics Administration. Their position was estimated at 10 miles east of Mount Vernon, Va., which is near Washington National Airport."

TWO JET FIGHTERS were then dispatched from a Delaware base some 90 miles from Washington. "When the planes appeared on the radarscope at approximately 10:25 p.m. the CAA tried without success to guide the planes into contact with the mystery objects. It was during this search that the pilot made his two sightings of lights. . ."

Why must they be so frustratingly elusive? Are they wayward space children whose idea of fun is to play this maddening game of cosmological hide-and-seek?

More hopefully, perhaps our visitors might know, from their own experience, that our planet is nearing a stage in its development where it must comply with an unwritten mandate of the underlying power of the universe, which would require that our earthly errors, trials and tribulations be resolved before we may become an active member of the interplanetary community.

After this is accomplished, then our patient companions will be free to land their spaceships, extend their friendship, and welcome the beings of the planet Earth into the truly Great Society.

"Where were you when I laid the
foundations of the earth?
Tell if you have understanding!

Who has laid the measure of it,
if you know?
Or who has stretched the line upon it?

Upon what are foundations of it fastened,
or who laid its corner stone,
When the morning stars sang together
and all the sons of God shouted for joy?"

(Job 38:4-7)

Mrs. Kay Kinsey of Rogers, left, and Mrs. Martha Eyster of near Clarkson recall an incident in 1957 when Mrs. Kinsey and her husband saw a bright object hovering above the barn in the background, emitting a high-pitched sound.

Rabbit season is here, and from all indications there is a plentiful supply.

The season opened Thursday in West Virginia and Friday in Ohio and got under way earlier in Pennsylvania.

The bag limit is five in West Virginia and four in Ohio and Pennsylvania, with the possession limit after the second day double the bag limit in each case.

Pheasant season opened along with rabbit season.

Rabbits probably draw more hunters than any other small game. This is due to the constant action, coupled with the

fact that hunters also can count on the thrill of kicking up a pheasant or two.

The big question among local and area hunters is: "Why did Ohio's rabbit season open on Nov. 12 instead of Nov. 15 as it has in past years?"

I don't have an answer, other than this was the date proposed and decided on at fish and game hearings. Frankly I can't see where it makes too much difference.

The hunting pressure on rabbits is heavy for about two weeks, then it slackens considerably. For some reason, Thanksgiving Day seems to be the "unofficial quitting date." Many hunters take to the field on the holiday. They return home in the afternoon, eat a big meal, and then retire to the couch to watch football on TV. Many never go out again.

OHIO'S DEER SEASON, which was open for four days in the southern zone, all the area south of Route 39, ended Thursday.

Ralph Drake, Columbiana County game protector, said none were taken in the section of Columbiana County open to hunting, but that seven were taken in Jefferson County. All were nice size bucks.

Ralph said one had an 11-point rack, while the other had 10 points. The weather was too warm for successful deer hunting and the absence of snow made it difficult to track them, he commented.

REPAIR AND rehabilitation work on the Muskingum River locks and dams is continuing. Some of the locks were operated this summer to accommodate pleasure boating.

Under present plans, the locks will reopen each spring as soon as the high water recedes. Ohio's Division of Parks and Recreation said plans are being prepared now for work on locks 2, 3, and 4 which is necessary to get the Muskingum open to the Ohio River at Marietta.

Ten of the muskellunge registered with the Huskie Muskie Club for September and October were taken from Piedmont Lake in Belmont County. Leesville Lake produced one.

OHIO'S CLASS A and B camping areas still are open. Ordinarily, they close after the third Friday in October, but the parks division first decided that freezing weather would dictate when the areas would close for the winter.

Now, the division has announced they will remain open the year 'round. The action was based on winter camping figures in C and D areas. Closing of the other areas cut in half the number of available campsites. The camping fee in A and B areas will be lowered to $1 for the winter season, because the facilities will be limited. Water pressure will have to be cut when it freezes and the camper will have to carry his own.

GOOD NEWS for the fishermen. Walleyes are returning to Sandusky Bay. Also, the experts predict that ice fishing in Lake Erie should be topnotch this winter.

The annual fall fish population survey in Erie shows there were 28 young-of-the-year and 9 2-and 3-year-old walleyes collected, compared with only one fish at the same time last year. More than 5 million walleye fry were released in Sandusky Bay during the Spring. The walleyes had disappeared for some time.

The perch population, although down from the last two years, still is large enough to provide good fishing. The test nets show there are a good 1965 hatch of yellow perch, walleye, white bass, freshwater drum, smelt and emerald-shiners.

WANT TO KNOW what to do with a deer after you shoot it? The Pennsylvania State University Cooperative Extension

Service, U. S. Department of Agriculture, University Park, Pa., 16802, has a special circular which tells you just that.

Entitled "Deer, Field Care of the Carcass, Preparing and Serving Venison," it provides information on how to field dress deer and the best way to care for the carcass until it is cut up. Several methods for cooking venison also are included in the pamphlet. When writing, ask for Circular 76.

I'm still receiving a few reports from fishermen who are taking bass from Beaver Creek. It seems the best time is in the early afternoon on warm days.

When you go, take your gun along. I know one sportsman who did and after finding nothing but catfish were biting, decided to go hunting. He brought home a grouse instead of fish.

A rare albino raccoon shot recently in Wisconsin is held by Conservation Warden James Whealon of Eau Claire County. The unusual animal, a true albino with pink eyes, was the prize of hunter Duane Buckwheat of Eau Claire. (UPI Telephoto)

The Lighter Side

Give or take a few points, 90 per cent of today's teen-age music can be classified as hogwash.

We've finally said it — and we're glad!

The feeling has been boiling inside this tortured soul for weeks. It's something that just had to come out.

The observation — which is "purely personal", as Truman Twill would say, and which we well realize will make us an immediate object of

scorn and ridicule among the younger set — is not based on hasty judgment. On the contrary, it developed after weeks of open-mindedly viewing "Shindig," "Hullabaloo" and teen dance times at various levels.

DON'T GET US WRONG, kids, we love you all and without hesitation admit you've matured far beyond the point that we were at the same age. You're far ahead of us in many, many respects—education-wise, athletic-wise, and so on and so on and so on.

But music-wise you've been sold down the river by a group of addle-headed disc jockeys and by record companies and record distributors, some fly-by-night, who, in their pursuit of the almighty dollar, have had the nerve to peddle what properly should be labeled anything but music.

Perhaps it is unfair to criticize them for taking advantage of things as they are and turning a trend into a profitable venture. But we don't think it unfair to take to task those youngsters who buy the trash.

We readily admit that some of today's records have merit —but those that have generally get lost in the eerie, brain-splitting, ear-piercing sounds that combine to make up the countless others that don't.

You youngsters have become engulfed in a world of bushy-haired, guitar-plucking, hand-extending musicians.

There's no question that many have talent, but there's also no question that this talent is being limited by stereotyped mannerisms that leave little room for individual expression. The presentations are all the same, kids! They vary only to the fraction of a C note in most instances.

IF AN INDIVIDUAL does come along who shows signs of having a particular skill, no time is lost by devilish perpetrators of the grandiose plot against music lovers in seeing that an immediate transformation takes place to the point where what promised to be a welcome relief from the prevailing screeching is battered and twisted until it fits into the pattern of the day.

A case in point: Several months ago a young man from Pittsburgh (I believe his last name was Mason—and the first name wasn't Perry) appeared on "Shindig." He proceeded to render in an appealing manner what we regarded as an acceptable ballad.

But lo and behold a few programs later, the master of ceremonies (I believe his last name was O'Neill—and the first name wasn't Eugene) made a big hullabaloo over the fact that this same young man was back and what a change would be noticed.

THERE WAS A CHANGE all right—a change for the worse! Young Mason, in true teen-age fashion, tore apart a song with only the gusto that one of today's teen-age performers can.

Gone was the appealing voice of a few weeks earlier. In its place was a sound that made the young man no different from hundreds of other present-day performers.

Conceded, the "screaming" days have been with us since Sinatra's time in one form or another; conceded, music now and then has taken weird forms in the past; conceded, there always will be fresh approaches be it music, the arts or what have you.

But today's screaming presentations so dominate the scene that there's not the opportunity for escape and relief that there has been in the past. Things have reached the point where the "Top Ten" tunes have almost the effect in their own way on many of us that the controversial non-lethal gas has had on the fighting front in Viet Nam.

Just for the record, kids, see if you can do something about it. We old fogies will appreciate it!

You And The Law

One clear, crisp fall afternoon George was burning his leaves. He had carried the leaves to his back yard and started the fire near the entrance of the alley which ran along the rear of his lot. The fire produced a dense cloud of smoke.

Sam drove into the alley on his motor scooter and immediately entered the dense cloud of smoke. It was so dense in fact that Sam's vision was completely obscured. He nevertheless, continued to drive his motor scooter into the alley, although he did reduce his speed.

SUDDENLY the figure of George appeared through the smoke. He was standing next to the curb, completely engulfed by the smoke. The scooter struck George, knocking him to the pavement.

George sued Sam, claiming that he was negligent in driving into the smoke when he could not see. On the other hand, Sam said that George was negligent in standing in the alley in such a dense cloud of smoke when he knew that vehicles were driven in the alley.

Was Sam negligent? Can George collect from him for his damages?

George would not win his case, unless the jury found him not negligent in standing in the alley in a cloud of dense smoke. However, the courts have held that a driver must exercise care commensurate with the situation. It has been recognized in a number of cases that more care than normal is required of a driver traveling through smoke which limits his visibility.

IT IS THE duty of the operator of a vehicle to drive it at such a rate of speed that he can bring it to a standstill within the distance that he can plainly see discernible objects or obstructions ahead of him.

If he continues to proceed when he is unable to see because his vision is obscured, he is negligent. When the situation on a highway is such that one's vision is completely obscured, it is his duty to stop until the cause of such obscured vision is removed.

Stamps In The News

To honor its development and research in the field of atomic energy, India has issued a new commemorative postage stamp, reports the World Wide Philatelic Agency.

The center of India's atomic activity is located in the city of Trombay, about 15 miles from Bombay. In this area are three atomic reactors and a complement of 6,000 personnel. It is the largest sci-

entific center in India and is devoted to research in five major categories — physics, chemistry, electronics, biology and metallurgy. The new stamp features a view of one of the center's three atomic reactors.

AUSTRALIA HAS announced that it will soon issue a series of postage stamps depicting each of Australia's past Prime Ministers who had served in that office for at least six months.

Sir Edmund Barton was the first and only Prime Minister to be shown on an Australian stamp. This was in 1951, to commemorate the 50th anniversary of the Commonwealth of Australia.

THE U. S. POST Office Department rescinded a previous announcement which would have placed a $25 minimum on mail orders. The reversal was due to the heated reaction of philatelists throughout the nation.

The Philatelic Sales Unit will continue to handle mail order requests, both large and small, as it has since 1921.

THE REPUBLIC of Zambia, formerly known as Northern Rhodesia, has issued four new stamps to honor the first anniverary of its independence. The 3 pence features the State House at Lusaka where the President resides.

The 6 pence shows the Independence Stadium with fireworks in the air as it appeared on the morning of independence. The 1 shilling 3 pence depicts the orange flower of the tithonia, a wild plant found in cultivated areas throughout Zambia. The 2 shilling 6 pence has a species of the clematopsis flower found in the Zambia countryside. Each stamp bears a profile portrait of President Dr. Kuanda and the inscription "First Anniversary of Independence 24 October 1964."

Food Favorites

Part of the abundance of fall beef now coming to market is the cut which makes a favorite Swiss Steak. Here is a recipe flavored with wine sent in by Mrs. Sara DeFede of Industry.

Swiss Steak

- 1½ to 2 pounds top round steak, cut thick
- 1 teaspoon salt
- 1 medium-sized onion
- 1 tablespoon oil
- 1 cup of white table wine
- 1 (10½) ounce) can undiluted condensed cream of mushroom soup

Cut steak in serving - size pieces. Sprinkle with salt. Chop onion. Brown steak in oil slowly on both sides. Add onion. Cook until transparent. Add wine. Cover.

Bake in moderate oven (350 degrees) for 1 hour. Add mushroom soup. Bake one hour longer. Serves five to six.

Ounce Of Prevention

Every year some 500 children under the age of five die from oral poisoning and some 500,000 children are involved in accidental poison accidents.

Causes of accidental poisoning were listed by the area Red Cross as these:

Improper storage of products in sight and reach of child.

Transfer of materials from their original to other containers accessible to children and pets.

Careless discarding of toxic products into waste containers accessible to children and pets.

Presence in American homes of some 200,000 products that are potential poison hazards —internal medicines, especially aspirins, cleaning and polishing agents, pesticides, and petroleum products such as kerosene and lighter fluids, some furniture polishes and waxes.

THE EFFECT OF poisoning will vary with the type of product, amount swallowed, time elapsing before emergency measures are taken, and size and age of the victims.

The swallowing of many substances will result in death if prompt action is not taken.

Other possible effects are burn-damage to throat, food passage and stomach from strong acids or alkalis, pneumonia from fluid entering the lungs after ingestion of a petroleum distillate, and abnormal body functioning from taking sleep - inducing products and nerve stimulants.

Prevention measures recommended by the Red Cross are these:

1. Keep household products and medicines out of reach and out of sight of children, preferably in a locked cabinet or closet. Even if you must leave the room for only an instant, remove the container to a safe spot.

2. Store medicines separately from other household products. Keep these items in their original containers, never in cups or soft drink bottles. Treat other potentially dangerous substances the same way.

3. **DO NOT TAKE** medicine from an unlabeled bottle. Be sure that all products are properly labeled, and read the label before using.

4. Always turn on the light when giving or taking medicine.

5. Since children tend to imitate adults, avoid taking medication in their presence.

6. Refer to medicinies by their proper names. They are not candies. Keep a special watch on tablets, candy flavored, or colored, since children eat them like candy.

Driver Charged After Accident

A city motorist was charged with drunk driving after an accident Friday at 11:50 p. m. on Lisbon St.

Arrested for driving while under the influence of alcohol was Dale Lee Gatrell, 25, of 3rd Ave., LaCroft.

Police said Gatrell's car rammed the curb in the 900 block of Lisbon St. Officers said Gatrell said he did not know what happened.

Police investigated two other minor mishaps yesterday.

Cars operated by Raymond F. Robinson, 39, of Substation Rd. and Everett S. London, 29, of 713 E. 4th St. were involved in a collision at 11:25 p. m on Smith St. at Dresden Ave.

Robinson backed his car into the side of the London vehicle, police reported.

A truck driven by Richard J. Rice, 39, of North Canton and a car operated by Joseph Clyde Smith, 22, of Wyoming Ave. collided in the driveway of Westgate School Friday at 1:48 p. m

Both drivers said they had pulled into the driveway, with the truck in the lead. Rice told police he stopped and was struck in the rear by the car. Smith said he had stopped and the truck backed into him.

$100 Fine Levied On Cafe Operator

LISBON — A Wellsville cafe owner was fined $100 Friday by Common Pleas Court Judge Raymond S. Buzzard on a charge of permitting minors in a public dance hall.

The fine was levied after the defendant, Ann Rivelli, owner of Ann's Newhouse Cafe, 1317 Main St., had changed an earlier plea of not guilty to guilty.

She had been secretly indicted by the Grand Jury June 4 and had made the not guilty plea during arraignment June 14.

The case had been transferred from Juvenile Court to Common Pleas Court after the indictment.

Man Tells Of Beating By 2 Others In Alley

A city man reported to police that he was attacked and beaten by two other men at 3:53 a. m. today in Diamond Alley.

Daniel Grimm, 29, of W. 6th St. told police he was accused by two men in Ann's Restaurant of stealing money from their table.

Grimm denied the theft and offered to go to the police station to clarify the problem. Grimm told officers the two men agreed to accompany him but assaulted him in the alley on the way to the station.

Grimm was taken to City Hospital, where he was treated for multiple contusions and abrasions of the left side of his face and ear. He did not identify the assailants.

Potters Just Miss, Drop Finale To Aviators, 28-26

Winters Nets 2, Runs 188; Conversion Is Costly

BY BOB DUFFY
Review Sports Editor

The East Liverpool Potters, fighting every inch of the way, went down to the last minute of the 1965 football season before bowing by the margin of a two-point conversion, 28-26, to the Alliance Aviators Friday night.

The 5,000 fans who braved a driving rainstorm for over three quarters at Alliance's Hartshorn Stadium were thrilled all the way by the see-saw battle which unfolded.

If the Potters had any weaknesses last night, it was chalking up conversions, something that has plagued them all season, and in the punting department.

East Liverpool wound up its season with a 5-4-1 record, the second straight winning campaign under Coach Bob McNea, while Mel Knowlton's Aviators finished on a 4-6 note.

—:—

THE CONTEST, played as the annual finale between the two schools, was one that could have ended in a tie and it would have at least been a moral victory for the Potters, who haven't been able to defeat the Aviators in the last nine meetings.

East Liverpool, its offense triggered by the outstanding quarterbacking of Chuck Winters, gave its peak performance last night.

—:—

WINTERS scored two touchdowns, one on a 72-yard romp, passed for another and set up still another.

The gallant Potters didn't concede a thing and after Alliance scored with 1:55 to go for a 28-20 lead that broke a 20-20 tie, the Potters marched right back.

With the clock against them, the Blue and White scored when Winters, who turned in one of the best efforts by an ELHS quarterback in many years, whipped a six - yard pass to handyman Clarence Crable, on a tackle eligible play, for a touchdown to bring the score to 28-26 with only 36 seconds remaining.

—:—

THEN WINTERS, who had done such a great job at his post, was stopped cold as he rolled to his left in an attempt to tie the game with the all important two - point conversion. He was met by three Alliance defenders, who drove him back to snuff out the Potters' last hope for a deadlock.

In a game the likes of last night's battle, several turning points can be pointed out.

East Liverpool scored on the first play of the final period to take a 20-12 lead.

Then came one of those turning points on an exchange of punts which followed. The Aviators were stopped on their own 46 and their punter, Chuck Codrea, got off a beauty, which finally settled on the Potter three.

—:—

EAST Liverpool couldn't get moving and Mike Silliman had to boot out with the ball on the Potter 11. The ball didn't travel far and went out of bounds only 17 yards upfield at the Potter 28.

With 8:15 left in the game, Alliance took advantage of the fine field position and a Larry Libis - to - Lionel Grimes pass was good for 24 yards to the EL two.

A play later Bob Ramsey bulled over the left side to cut the lead to 20-18 and hard-running Bruce Walker went around the left side for the big conversion to tie the game at 20-20.

ANOTHER turning point occurred a minute later when Grimes intercepted a Winters' pass as the Potters attempted a third and six aerial from their 32. Grimes returned it to the Potter 24. He then fumbled, but a teammate recovered.

Again Alliance was knocking on the door and in five plays Libis, who originally had attempted to pass, did some ad libbing and ran 12 yards to the end zone to give Alliance the go-ahead touchdown.

A Libis - to - Eugene Jenkins pass was good for the conversion and Alliance held a 28-20 lead with 1:55 to go.

—:—

ALONG with the rain that hit the second quarter, a wild meleee broke loose and both benches met at midfield where some wild swinging took place before police and coaches tamed the tempers of the participants.

Winters ended his high school football career with a dazzling exhibition.

He wound up gaining 188 yards on the ground, featured by the 72-yard touchdown run and a 51-yard scamper which set up the first touchdown.

—:—

HIS TOTAL yardage came on 17 carries and he gained 188 of East Liverpool's net of 250 yards rushing. In the passing department, he completed five of 12 for another 84 yards.

Jim Gooding, used as a spot player, contributed four key gains and turned in his top rushing effort of the season. The junior halfback netted 70 yards on four gains of 16, 6, 37 and 11 yards.

—:—

Halfback Nick Marchbanks, the team's leading scorer, ripped off 40 yards, while Herring was used only four times and picked up 15.

The Potters were forced to go most of the way without their top pass receiver, Bob Woods, who re-injured his knee while running a pass pattern and was removed from the game with 9:02 remaining in the second quarter.

East Liverpool didn't waste much time in showing the Aviators it meant business. The Potters moved 80 yards in seven plays to score after the opening kickoff.

On the first play from scrimmage, Winters, faking his way clear, ran to the outside and reeled off 51 yards to the Alliance 29. Marchbanks picked up 25 yards in two carries and Goodballet put the Potters in front when he shot over from the one with 9:10 left in the quarter. East Liverpool added its only conversion when Marchbanks found a good hole to score the two - pointer for an 8-0 lead.

—:—

THE POTTER defense had its moments and held Alliance later in the first period at the ELHS eight - yard line after Herring had bobbled the ball and the Aviators recovered on the Potter 14.

East Liverpool was forced to punt from its own 25 and the ball took an Alliance bounce and wound up on the Potter 42.

With Walker gaining most of the yardage, Alliance moved to the ELHS one, from where Walker hit the leftside for the touchdown. He also tried the conversion, but fell short. The TD came with only 10 seconds remaining in the first period.

The Potters marched to the Alliance seven late in the second quarter. A Winters-to-Jerry Vaughn pass for 22 yards carried to the seven for a first down, but the stubborn Aviators held.

—:—

THE SECOND period wound up scoreless, with the brawl at midfield marking action in that quarter.

Opening the third period, an interception by Carl Natalina near the goal line stopped an Alliance threat. Natalina returned the ball from deep in Potter territory to the EL 28. On first down, with the backfield faking well, Winters went up the middle, shook off one tackler broke into the clear and rambled 72 yards to paydirt for a 14-6 lead.

The TD came with 6:26 left in the third quarter, but Herring's attempt for the conversion was halted.

—:—

ALLIANCE got that touchdown right back about one minute later. Libis fired down the middle to Lionel Grimes who raced some 50 yards on a play covering 73 yards for a touchdown. Walker again was stopped on the conversion as the Aviators cut the margin to 14-12.

On the next series of downs, a 36-yard run by Gooding and 15 yards by Winters moved the Potters quickly downfield to the Alliance five. Winters broke through a good hole on the right side and went in standing up for a 20-12 lead. He was turned back on a bid for the conversion.

—:—

THE EXCHANGE of punts followed and Alliance tied the score with 6:51 to go as Ramsey went over from the two and Walker got the conversion.

The Potters ran two plays following the touchdown and Grimes came in going for the victory instead of the tie, as was the case in last year's game. Grimes intercepted to set the stage for the Aviators' final touchdown.

Walker was the workhorse for Alliance with 81 yards in 14 carries.

Crable, the Potter captain, showed his versatility again Friday night, being used as a linebacker, a center on punts, a tackle on offense and a receiver on two occasions, catching a pair of passes for 43 yards.

The Potters had a slight edge in yardage and first downs, with the overall offense of both teams about even.

United Winds Up With 52-8 Romp

LISBON—United Local captured the District championship with a 52-8 rout of Lisbon Friday night on the Blue Devils gridiron.

The Golden Eagles copped the season with a 9-1 record and Lisbon remained at the bottom of the heap at 0-10.

Fritz Ziegler got the Golden Eagles off and running with runs of 51 and 78 yards to spark a 24-point first period outburst.

—:—

QUARTERBACK Jim Allen converted after the first tally and passed to Dick Farmer for the two-pointer after the second score.

Allen kept the United scoring machine at full throttle with a one yard plunge and then converted after his touchdown late in the first period.

Lisbon's Barry Lowry scored the Blue Devils only touchdown on a one yard plunge near the end of the first quarter. Don Blair hit David Williams with a pass to narrow the margin to 24-8.

—:—

ALLEN ignited United's drive in the second period with a 43-yard scoring aerial to Farmer. The Golden Eagle signal caller caught Art Conser in the open for the conversion.

The flashy United quarterback ended an outstanding night with a two-yard plunge to finish with 16 points late in the third period. An intercepted pass stopped the conversion attempt.

—:—

UNITED ended its rout of the hapless County Seaters as George Bowman crashed in from the three late in the third stanza and Terry Owens scored from the five midway through the fourth. A run failed to convert after Bownam's score, but Tom Coffee passed to Bob Adams to complete the scoring after Owens' touchdown.

Beavers Vs. Tigers

Chris, Roberts Clash

Rivals Wellsville and Beaver Local tangle in the final game of the 1965 football season tonight on the Beaver Local gridiron. Game time is 8 p.m.

Since the Tiger - Beaver battle is the only one in the area and the final battle of the season, a large crowd is expected to look in on the contest.

-:-

IN PAST seasons, the game has usually settled a backyard rivalry but this year the contest takes on added significance.

It forms a perfect setting which brings the district's two top scorers together to settle the red hot touchdown duel that has been brewing the past three weeks.

Also Beaver Local is battling for a .500 season by entering the game with a 4-5 record while Wellsville is shooting for a winning season and spots a 5 - 4 mark.

-:-

BEAVER Local's Larry Roberts has a 12-point advantage in the scoring race with 126 points but this is far from a safe lead. Chris Thornton is No. 2 with 114 points but anything can happen when either one of these speedy gridders put a football under their arm.

Last week Thornton scored 30 points and must have figured he had again taken over the lead in the scoring race. Thornton's performance came against Springfield Local but at the same time Roberts was having a night of his own by scoring 30 points as Beaver Local lost to Toronto.

Opposing coaches, Ken Woods of Wellsville and Beaver's Don Ross look for a close contest. Heavy rains early this morning may slow the Beaver gridiron for Thornton and Roberts.

Toronto Hands Southern 9th Straight Loss, 47-8

The Toronto Red Knights sprung loose for 22 points in the first period and went on to hand Southern Local a 47-8 scalping on the Indians field Friday night in a Buckeye Border Conference battle.

Bob Anderson started the victory drive for the Red Knights as he led a parade of seven different Knights into the end zone by crashing over from the one yard line early in the opening stanza. Ernie McGrath ran for a two - point conversion.

Denny Leasure followed shortly after on a 10-yard run and Garry Fisher added a two-pointer for a 16-0 lead.

McGrath scored on a three-yard plunge near the end of the first period and after a run failed to net the conversion, Toronto held a 22-0 first quarter lead.

Charles Pelley of Southern Local interrupted the Toronto scoring parade temporarily early in the second quarter by plunging over from the one. A pass from John McCord to Ray Stewart narrowed the visitor's lead to 22-8.

The Red Knights bounced back with a one yard plunge by Fisher and a 49-yard run by David Edwards for a 34-8 halftime margin. A run failed after Fisher's score and a kick failed to convert after Edwards hit paydirt.

The Indians held off Toronto's surge during a scoreless third period, but the Red Knights busted through for touchdowns by Howard Haught and Charles Stoll in the fourth. Haught's tally covered three yards, while Stoll raced in from the six. Don Kaniecki failed to convert after the first fourth period touchdown, but split the uprights to complete the scoring after Stoll's score.

Toronto finished the season, 4-5-1, while Southern Local end at 1-9.

Scoring by quarters:

TORONTO	22	12	0	13	—47
SOUTHERN	0	8	0	0	— 8

Toronto — Bob Anderson 1 yard run (McGrath run)

Toronto — Denny Leasure 10-yard run (Fisher run)

Toronto — McGrath three-yard run (run failed)

Southern — Charles Pelley 1 yard run (McCord to Stewart pass)

Toronto — Fisher 1 yard run (run failed)

Toronto — Edwards 49-yard run (kick failed)

Toronto — Haught three yard run (kick failed)

Toronto — Stoll six yard run (Kaniecki kick)

76ers Snap Five-Game Win Streak Of Boston

By The Associated Press

The Philadelphia 76ers, who came from far back several times last season to whip the champion Boston Celtics in the National Basketball Association, did it again Friday night.

Down 33-18, Wilt Chamberlain, Bill Cunningham and Wally Jones rallied the 76ers to a 123-114 home court victory over the Celtics. The victory snapped Boston's five-game winning streak and also knocked the Celts out of first place in the Eastern Division, with the 76ers regaining the top spot.

Two free throws by Guy Rodgers after time had run out gave the San Francisco Warriors a 103-102 victory over Detroit on the Pistons' court and kept the Warriors on top in the Western Division.

Elgin Baylor's free throw with 14 seconds left gave the Los Angeles Lakers a 107-106 triumph over the New York Knicks in the other NBA game scheduled. The game was played in Minneapolis, the former home of the Lakers, as a charity for a high school.

Starting the last quarter ahead 83-81 the 76ers pulled away on 12 points by Hal Greer and 10 by Chamberlain. Greer finished with 28 points, Chamberlain with 27 and Cunningham with 26 for Philadelphia. Chamberlain also outrebounded Bill Russell of Boston 33-32. Sam Jones led the Celtics with 36 points, including 17 in the third period.

Bill Buntin's tap-in gave Detroit a 102-101 lead over San Francisco with only eight seconds left before Rodgers was fouled in the last second. Awarded three chances to make two shots, he missed the first, but dropped in the second to tie the score and then swished in the third to win the game.

Nate Thurmond led San Francisco with 24 points. Eddie Miles had 21 for the Pistons, who lost their fifth straight.

New York led Los Angeles 99-94 with only 4½ minutes left, but the Lakers tied it at 100-100 and again at 106-106 on Baylor's basket with a minute to go. Walt Bellamy then fouled Baylor with 14 seconds left and the former Seattle All-America made good on one of two free throws to win for the Lakers.

Jerry West was high for the Lakers with 29 points, Dick Barnett for the Knicks with 31.

Philadelphia plays at New York tonight with Detroit at Boston, Baltimore at Cincinnati and San Francisco at St. Louis.

Billy Maxwell Eyes Mexican Open Lead

MEXICO CITY (AP) — Billy Maxwell of Dallas hoped to overtake Antonio Cerda in the third round today of the Mexican National Open Golf Championship.

Maxwell shot a three-under-par 69 over the Bellavista Course Friday only to see Cerda, of Mexico, turn in a course record 68 to take the halfway lead with a 36-hole total of 138. Maxwell had a 139. He had been tied with Cerda for the first round lead at 70.

2 Of Giants Injured

NEW YORK (AP) — End Andy Stynchula and tackle John LoVetere, two of the regulars on the New York Giants' defensive line, will miss the game with the Browns at Cleveland Sunday because of leg injuries.

Late Surge Gives Clippers Victory

The Columbiana Clippers rallied for three touchdowns in the second half to hand East Palestine a 24-6 setback on the bulldogs' gridiron Friday night in the final game of Tri-County League action.

Trailing, 6-0, at halftime, Columbiana surged ahead on a 35-yard sprint by halfback Dick Keller with 9:05 left in the third quarter. Keller added the conversion on a run for an 8-6 advantage.

A fumble recovery and an intercepted pass led to two Clipper scores in the last three minutes of play as the visitors broke the game wide open.

Defensive middle guard Larry Brown set up the first fourth period score by recovering a loose ball on the Bulldogs 33-yard stripe. Three plays later, Jack Hawkins raced into the end zone from the 10. A pass from Jim Murphy to Herb Bortner tallied the points after.

Shortly after, defensive end Doug Kniesly intercepted an East Palestine pass on the host's 36 and the Clippers were goalward again. Keller added his second touchdown of the night three plays later on a 10-yard run. A pass from Murphy to Rick Petwiler completed the scoring with one minute left to play.

The Bulldogs took a 6-0 lead in the second period as Jim Parker crashed in from the one to end a 70 yard drive. A pass for the points after failed.

A 46-yard pass from Parker to halfback Joe Thompson sparked the Bulldog drive to paydirt.

Parker hit Thompson on a 44-yard aerial that ended the game on the Clipper five-yard line.

Columbiana outrushed the Bulldogs, 186 yards to 119, but the host led the statistics in passing, 102-6 and in first downs 12-10. East Palestine completed three of seven passes for the passing advantage. The Clippers hit on just two of six tosses.

Columbiana finished the season with four wins out of the last five starts for a 4-6 mark. East Palestine fell to a 1-8-1 record.

COLUMBIANA	0	0	8	16	—24
EAST PALESTINE	0	6	0	0	— 6

East Palestine—Parker 1-yd run (pass failed)

Columbiana—Keller, 35-yard run (Keller run)

Columbiana—Hawkins, 10-yard run(Murphy to Bortner pass)

Columbiana—Keller, 10-yard run (Murphy to Ketwiler pass)

Four American League teams drew more than one million baseball fans last season.

Brown Is 93 Yards Away From 1,000

CLEVELAND (AP)—Fullback Jim Brown of the Cleveland Browns needs only 93 yards to pass the 1,000-yard mark in rushing for the seventh time in nine years.

He should have no trouble getting the needed yardage Sunday when the Browns play the New York Giants here if he performs as well as he did against the Giants in New York earlier this season.

Brown gained 177 yards on the ground in New York Oct. 24 as the Browns trounced the Giants, 38-14, and was voted the Associated Press offensive player of the week.

The big fullback has gained more than 100 yards rushing in five games this season. He has carried the ball 178 times for a season total of 908 yards.

He will be starting his 115th professional game Sunday, including regular season, playoff and championship contests. He also has started all the exhibitions and played through most of them since joining the Browns in 1957.

Brown has failed to lead the National Football League in rushing only one season of his professional career. That was in 1962 when a wrist injury kept him from using the straight arm, one of his major assets, and made shifting of the football difficult.

Stanton Drops Finale, 13-6

Smithfield Scores In Late Rally

Smithfield's Gary Fabrey bulled into the end zone from the three-yard line with less than a minute remaining to hand the host a 13-6 upset win over Stanton Local Friday night.

The win raised Smithfield's record to 2-8, while Stanton Local dropped to a 4-4-1 slate.

The victors opened the scoring with 6:14 left in the first period as quarterback John Vitek connected with Erwin Little on a 17-yard pass to end a 35-yard drive. Fabrey had recovered a fumble to set up the 6-0 lead. A run for the conversion failed after a penalty nullified a pass from Vitek to Jerry Straus.

Stanton Local tied the contest in the second stanza on a pass from Norman Grimm to Joe Wickum that covered 54 yards. A pass fell incomplete in the conversion attempt.

The teams played a strong defensive battle the rest of the way until a bad punt set up the winning touchdown for Smithfield on the visitor's 25.

Stanton Local stopped a Smithfield drive on its own three-yard line with 44 seconds left in the game before the erratic punt.

A 21-yard pass from Smithfield's Vitek to Little set up the winning touchdown. John Whitaker split the uprights with a kick to end the scoring.

THIS IS PANCHO, the world's smallest full-grown horse, which is of Argentine origin. The strain took 300 years to breed. Owned by Mrs. Harry Massey of Pittsburgh and worth $2,000, it has been on display at Waterford Park this week. Pancho is a 5-year-old gelding 30 inches high, compared with 64 inches for an average-size horse. The "jockey" is Doug Bonamy, 4-year-old son of Pete Bonamy, Waterford publicity director. Mike Manin, Pancho's trainer, is looking on.

Ortiz Seeks To Win Back Light Crown

SAN JUAN, Puerto Rico (AP) — Carlos Ortiz, the former lightweight boxing champion, believes the rooting support of Puerto Rican fans will help him regain the title from world champion Ismael Laguna of Panama tonight in their return bout.

The 29-year-old Puerto Rican-born New Yorker lost the 135-pound division crown to Laguna on a 15-round decision in Panama last April 10. Ortiz claims hostility of Panama fans "unnerved me.

"I'm telling you, they fired guns into the air each time Laguna threw a jab," said Ortiz. "I couldn't leave the hotel before the fight and I had to hire a bodyguard."

In the friendly surroundings of his native land Ortiz was rated close to even money in the betting although the odds in New York had Laguna an 8-5 favorite for the 15-rounder in outdoor Hiram Bithorn Stadium.

Laguna said he was surprised at Ortiz' comments over his treatment in Panama.

"We treated him like a king," said the 22-year-old champion. "He was beaten in the ring and I'm confident it will happen again."

Some of the anti-Ortiz feeling in Panama developed from a postponement of the first fight, originally scheduled for February. Ortiz got the postponement because of illness. Panamanian newspapers claimed Ortiz was trying to get out of the fight.

Laguna has a 39-2-1 record. Ortiz' record is 44-5-1. The champion has been guaranteed $30,000. Ortiz will collect 30 per cent of the gate.

The promoters said advance sales were more than $60,000. They predicted a crowd of about 20,000 and a gross gate of more than $100,000.

Finnigan To Bow Out As Coach At Reserve

CLEVELAND (AP)—Edward L. (Eddie) FFinnigan bows out as football coach at Western Reserve University following today's game between the Red Cats and Case Tech.

It was announced Friday that Finnigan, named by the American Football Writers Association last year as the outstanding small college coach in the nation, would quit his coaching duties today but would continue as WRU athletic director. He has been coach at Western Reserve since 1951.

Packers Should Handle Rams

Unitas Marked Doubtful To Start Against Vikings

By ED SCHUYLER
Associated Press Sports Writer

Green Bay's suddenly punchless Packers hope to get back on the track Sunday against the Los Angeles Rams while the possibly Unitas-less Baltimore Colts figure to have their hands full with the Minnesota Vikings.

The Packers, one game back of the first place Colts in the National Football League's Western Division, are favored to defeat Los Angeles, the division doormat. But their pass protection had better improve or it could be a long afternoon for them in Milwaukee.

Quarterback Johnny Unitas injured his back last Sunday when the Colts ran their record to 7-1 with their sixth straight victory, 26-21 over the Chicago Bears, and is a doubtful starter against the Vikings —winners of five of their last six.

In other NFL games, Eastern Division-leading Cleveland plays host to New York in a rematch, the Bears are at home against St. Louis, San Francisco plays at Detroit, the Eagles host Washington at Philadelphia, and Pittsburgh plays in Dallas.

The American Football League card features the San Diego Chargers, Western Division leaders, at home against Kansas City and Eastern leader Buffalo at Oakland.

Denver plays at Houston and New York is at Boston in the other games.

Green Bay will need good pass protection because it figures to be unable to run wild against the Rams' front four of Lamar Lundy, Dave Jones, Merlin Olsen and Roosevelt Grier. Packer quarterback Bart Starr had three passes intercepted in the 31-10 loss to Chicago two weeks ago, and was thrown 11 times for 109 yards in losses in the 12-7 defeat by Detroit last Sunday.

Cleveland also has injury problems but is a solid favorite to ring up its second victory of the season against the Giants and bring its record to 7-2.

St. Louis, losers of two of its last three games, visits Chicago for the first time for a league game since moving from there in 1959 and finds itself an underdog to the Bears. The Cards trail the Browns by one game. The Bears are even at 4-4 and in fourth place in the West, a game back of Detroit and Minnesota.

San Diego is rated over Kansas City although the Chiefs tied the Chargers 10-10 earlier in the season at San Diego. The Chargers lead their division with a 6-1-2 mark. The Chiefs are loaded with talent but only have a 4-4-1 mark and are third behind the Chargers and Oakland.

Buffalo holds a 2½-game lead in the East with a 7-2 record but could get a real fight from Oakland, noted for late-season charges and still hopeful of overtaking San Diego. Oakland has a 5-3-1 record.

Pimlico Sets Rich Futurity Event Today

BALTIMORE (AP) — The customers weren't the only gamblers at Pimlico today when the track opened its fall meet with the Futurity, richest race ever run in Maryland.

The Pimlico proprietors themselves took a gamble, too, and they figured they won.

The evidence lay in the fact the 1 1-16-mile run for 2-year-olds attracted 13 colts. Buckpasser, the best known member of the juvenile division, wasn't among the contenders but many other successful 2-year-olds showed up.

With all expected to start, the purse figured out to $213,990-$134,543 for the winner alone. The track put up $75,000 of the total and the owners supplied the rest in nominating and eligibility fees.

The race looked like a wide-open betting affair, with Edgehill Farm's Our Michael and Mrs. Ada L. Rice's Advocator getting early attention. Our Michael won five stakes, and Advocator scored in the Cowdin.

The probable field also included Advocator's stablemate, Golden Buttons, Herbert Allen's Gunflint, Marion R. Frankel's Auric, J.M Olin's Fathers Image, Wheatley Stable's Stupendous, R.N Webster's Aberoid, Mrs. Milton Erlanger's Spring Double, J.M Shiff's Deck Hand, Foxcatcher Farm's Odd Dancer, E.L Weisl's Valam and Hobeau Farm's Handsom Boy.

Captains Duke Quint

DURHAM, N.C. (AP) — Steve Vacendak, senior from Scranton, Pa., has been elected captain of the Duke basketball team for the season that opens Dec. 1.

The New York Mets had the longest losing streak in the National League last season. It carried through 11 games.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: You've written some mighty good advice for teen-agers in the past and now I hope you will do one more thing. Please write a booklet on manners for teen-age boys.

This may sound like a silly request but honestly, Ann, boys need help with manners just as much as girls—maybe more.

My best friend and I decided to teach our boy friends a few and it has made all the difference in the world. Now they open the car doors for us, help us with our coats and stand up when an adult comes into the room.

I'm sure the reason some teen-age boys appear to be rude is because they just don't know any better. How about that booklet, Ann?—LOVE 'EM ANYWAY.

-:-

Dear Love: I'll file your suggestions under "One of These Days." At the moment I'm swamped, Sugar. A low bow to you two girls for teaching your boy friends the ABC's of everyday manners.

I hope other girls who read this will follow your example. A girl who is interested enough in a boy to do this for him pays him a high compliment—and she does him an enormous favor.

Objectionable Art

Dear Ann: My mother-in-law gave us a painting for our anniversary. I know good and well that piece of junk has been in her basement for six years. It's a monstrosity that looks like a vacuum sweeper having its tonsils removed.

When I opened the carton our 4-year-old became frightened and began to cry.

I don't want to hang the ugly thing in our home. My husband says his mother will be terribly hurt if we don't hang it and he does not want to risk offending her.

I think it was a dirty trick to saddle us with a picture she didn't want to hang in her own home. It was also cheap of her to send us something she had sitting around. What is your opinion:—LOVER OF ART, NOT GARBAGE.

-:-

Dear Lover: Thank your mother-in-law for the gift and tell her you will hang it when you and your husband agree on a "suitable place."

If you cannot agree on a "suitable place" you will, of course, NEVER hang it.

Swoon Goon

Dear Ann: Please help me figure something out. I'm mystified. My brother married later in life than most men. The woman is a widow about 38 years old and she is a delightful, gracious person.

But, Ann, she gets absolutely stoned on one drink. Is this possible: Nobody can figure it out.

When she arrived at our home Sunday for dinner she was charm itself—lovely, bright-eyed and bubbling over with witty conversation.

Then she had a cocktail—just one—and within 10 minutes she was drunk as a skunk. When dinner was announced she walked straight into the clothes closet.

A similar thing happened at my sister's house last week. We cannot figure out how a person can get so loaded on one cocktail. What do you make of it?—INQUIRING SISTERS.

-:-

Dear Sisters: Often the person who gets plastered "all of a sudden" has had a head start somewhere else. However, some people cannot tolerate even one drink without falling on their faces — and your brother's wife may well be one of these.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Ordinance On Traffic Due Action Of Council

An omnibus ordinance combining many traffic and parking regulations in one piece of legislation is scheduled for presentation to City Council at its meeting Monday night at 8.

A draft copy of the legislation has been under study for months by councilmen. In many instances, it simply affirms regulations which already are in effect. It also is expected to incorporate new regulations approved informally by Council in recent months but never enacted in legislation.

Solicitor Joseph W. Cooper said an amended appropriation ordinance also will be presented, providing supplemental funds for various departments.

Geysers Are Studied As Source Of Power

CHICAGO (AP) — Geysers such as Yellowstone Park's "Old Faithful" in the Rocky Mountains are drawing government study as possible sources of natural and relatively new energy source — geothermal power.

Geothermal power, generating in the inner earth for eons, is energy in the form of hot water or steam produced through the earth's self-contained heat.

A Senate-approved measure is now before the House that proposes they open geothermal power to development by private enterprise on public lands with the goal of providing new sources of electrical energy and valuable minerals.

Production of geotherma steam electric power for public use is now in operation in several counties, principally Italy, New Zealand and Iceland.

Junior Editors Quiz on MAN'S BEST FRIEND

QUESTION: Why is a dog called man's best friend?

★ ★ ★

ANSWER: We all know that the bond between men and dogs is something special. We may be very fond of other animals and they may be fond of us, but few of them can give their masters the unquestioning, lifetime devotion a dog can. Dogs have often laid down their lives for the people they loved.

Many animals are solitary and prefer to be by themselves, where-as dogs are social, playful and outgoing. These qualitites of the dog may have resulted because their wild ancestors hunted in packs and so came to depend on one another. Historians believe that prehistoric men raised puppies from various wild dog breeds with the purpose of using them on hunting expeditions, as our picture suggests. A dog could engage an animal's attention while the man moved in with club or spear. Later, the dog would share the feast and come to regard the man as his special master. Feeling at home in the cave, he would protect it from others; so, perhaps, began the friendship between man and dog which has given each such pleasure over the years. The dog is an exceptionally intelligent animal; this was, no doubt, another reason why men took dogs into their homes to act as guardians and companions.

★ ★ ★

FOR YOU TO DO: Dogs rank next to the monkeys in the order of animal intelligence. Hide a bit of dog biscuit in one of your two clenched hands; offer both to a dog and see how quickly he will snuff the right one out, showing how keen are his senses.

Record Profits Indicated In 1966

1965 Net Farm Income Seen Hitting $14 Billion

WASHINGTON (AP) — The government said today that net farm income this year should reach $14 billion and predicted profits for 1966 that could exceed the record high profits of 13 years ago.

The Agriculture Department summary said an estimated eight per cent rise in farm revenue cash flow over last year was due to sharply increased prices for meat animals, including chickens.

And looking to next year, the department saw the likelihood of a further gain of from $250 million to $500 million in spendable farm income after outlays for goods and service, production and taxes. The 1952 high for realized net farm income was $14.4 billion.

Gross farm income in 1965 may total a record high $44.25 billion, the government reported, and foresaw a 1966 gross of about $45 billion. Factors entering into this prediction included a smaller-than-average rise in production costs and prices paid for goods and services.

WASHINGTON (AP)—A committee organized under an act of Congress and sponsored by the federal government said it didn't need any more money and recommended its own abolition—because its work was done.

The unusual panel is the Advisory Committee on Humane Slaughter that was authorized by law eight years ago and has been working with the Agriculture Department ever since.

At a meeting here this week, the group representing livestock producers, packers, humane and religious organizations reported "no major problems" remain to be solved because 96 per cent of federally inspected meat packers now use one or more humane methods of slaughter."

Sends Supplies To Battle-Torn Land

Army Of Americans Toils To Ease War Pain In Viet

NEW YORK (AP) — Far from the sound of gunfire, an army of American civilians is working to ease the pain of war among the South Vietnamese.

These homefront forces labor under the banners of a score or more of private relief agencies sending food, clothing and other supplies to that battle-torn land.

The value of materials shipped last year reached $4.6 million, more than a half million above the 1963 figure. This year's total is expected to increase considerably.

All of the help goes to South Vietnamese civilians: The dependents of military personnel, widows, orphans and the poor and uprooted in battle areas.

"It's wonderful the way everyone is working together there to assist the people," a spokesman for Catholic Relief Service said. "It's created a feeling of one big family."

The agency is one of the largest providing help. Other major ones are CARE, Mennonite Central Committee, Foster Parents Plan and Project Concern.

Catholic Service began its South Vietnamese program in 1954 and now is feeding more than a half million persons daily. It expects to double the number shortly.

CARE is distributing food, clothing, blankets, tools for development, first aid equipment and school supplies. It also plans to help farmers rebuild their war-ravaged lands.

Mennonites constructed a 35-bed hospital and clinic and treat 150 patients daily. They also hand out food and U.S. surplus commodities.

Foster Parents Plan is providing social work and counseling assistance to about 5,000 families.

Project Concern operates a 20-bed hospital, five clinics and is planning a 53-bed hospital. Most of its work is with a wandering mountain people called Montagnards, who speak a language of their own and are among the victims of the fighting.

Most of the relief agencies belong to the American Council of Voluntary Agencies for Foreign Service, Inc., A coordinating council in Saigon also helps them put their efforts to the best advantage.
